

Criteria 1 - Department of Orthodontics

1. Interdisciplinary / Inter-departmental training Courses / Programs- topic, departments involved, date, outcome/ procedure. Proof.

Interdisciplinary Case discussion such as ortho-perio, ortho-endo, ortho-prostho, ortho-surgery takes place, this will help in exchange of ideas regarding the diagnosis and treatment planning to provide the best possible treatment for the patients. Interdepartmental treatment register is maintained to keep the track of cases, the supporting document has been enclosed.

Proof: Register of inter-Department Training

**BRIEF REPORT ON BASIC AND
INTERMEDIATE IMPLANT WORKSHOP
CONDUCTED BY DEPARTMENT OF ORAL AND
MAXILLOFACIAL SURGERY ON
24st JANUARY 2024**

Basic and intermediate implant workshop was targeted to Interns and Post Graduates as a finishing school and also aiming at giving them an overall idea about the speciality of implantology, so that they could incorporate Implantology as one of the primary treatment modalities in their future endeavors.

The programme commenced with registrations being done at 9:30 AM. The programme was flagged off by the Principal, Dr Prashanth and Dr Sunil Vasudev, Head of the Department, Oral and Maxillofacial Surgery, which was then open to the speakers.

The first talk was given by Dr Balavikram K, Department of Oral and Maxillofacial Surgery, on the applied surgical anatomy and concepts of osseointegration. Following this, the inauguration programme commenced with the lighting of the lamp by the respected dignitaries on the dias.

The lectures resumed with a talk on Radiological investigations in Implantology by Dr Revan Kumar Joshi, Department of Oral Medicine and Radiology. The next talk was given by Dr Sahana M S, Department

Principal
D.A.P.M.R.V. Dental College
J.P. Nagar I Phase,
Bangalore - 560 078.

of Oral and Maxillofacial Surgery, on clinical evaluation and patient selection in implantology. The final talk before the tea break was given by Dr Sarayu Gopal, Department of Oral and Maxillofacial Surgery, on key implant positions and ideal numbers required.

The next talk was by Dr Mitha Shetty, Department of Prosthodontics, on Prosthetic aspects in Implantology. Following this was a talk by Dr Roshan Kumar, Department of Prosthodontics, on Impression techniques in implantology. The next talk was by Dr Kalavathy N, Professor and Head, Department of Prosthodontics, on armamentarium for digital workflow.

This was followed by a talk by Dr Deepak S, Department of Oral and Maxillofacial Surgery, on circumventing clinical challenges in implantology.

This was followed by an overview on perimplantitis by Dr. Suchetha A, Professor and Head, Department of Periodontology. The next talk was by Dr. Sapna, Department of Periodontology on maintenance of implants. The last talk of the day was by Dr. Darshan, Department of Periodontology, on complications and management in implantology

After the talks, a sumptuous lunch was served which the participants enjoyed.

Post lunch, a presentation was arranged for the demonstration of Dentium implants. The hands on workshop started covered the complete training in

INTERDEPARTMENTAL PG POSTING FOR COMPREHENSIVE TRAINING

In Dept. of Oral Medicine & Radiology

Duration: 20 November-11 December 2023

Time: 01:30pm – 04:00pm

Objectives:

1. Identify, screen and diagnose oral diseases especially from an outreach program perspective.
2. Identify, screen and diagnose oral lesions including premalignant and malignant lesions and conditions specifically from satellite centre and outreach program perspective.
3. Understand the referral strategy and treatment protocol for management of oral lesions including premalignant and malignant lesions and conditions.
4. Perform suitable diagnostic tests (diagnodent, pulp vitality, toulidine blue, biopsy etc) for identification of oral disease, oral premalignant and malignant lesions in satellite and outreach programs.
5. Participate in tobacco cessation counselling program.
6. Appraise the referral strategy from Oral medicine dept to Public Health Dentistry.
7. Active participation and presentation in seminars and discussions of Oral Medicine department with prior permission from HOD/Mentor.
8. Any other

Reporting Strategy:

1. A separate logbook of work done to be maintained and signed by the mentor every week.
2. Weekly reflection (What happened? What was learnt? What can be done better? Way forward) to be recorded in their Logbook.

Report presentations:

1. One page plan document to be submitted prior to the commencement of the posting.
2. Interim report – 28th November 2023
3. Final report - within 2 days of posting completion

Minimum Attendance- 80%

Reporting of "Inter Departmental Posting" in the Department of "Oral Medicine and Diagnostic Radiology" RVDC

Mentored by: Dr. Deepthi V Reader
 Dept. of Public Health Dentistry
 Topic presented in consultation with:
 Dr. Harkiran A.O. Prof. & HOD
 Dept. of Public Health Dentistry
 Presentation no: 5
 Presented by: Dr. Pallabi, 1st MDS

Sl no	Contents	Slide number
1	Introduction about dept of OMDR, Posting Schedule, Attendance, Leave if any	5-13
2	Objectives of the posting & Cases shadowed in the dept. of OMDR	14-22
3	Working experience & Suggestions	23-24
4	Learning outcomes from the posting	25-26
5	Collaborations if possible	27-28
6	Public Health Perspective from the posting	29-31

- Specific learning objectives**
- To give an overview of the importance of interdepartmental postings
 - To provide a concise outline of the valuable experience and knowledge acquired during my tenure in the posting
 - To provide a comprehensive summary of the Cases observed in the department of OMDR
 - Learning outcomes from the posting.

- Introduction**
- Inter departmental relations generate a better work environment
 - It helps to excite towards healthier relationship with existing departments
 - This allows individuals to gain diverse experience and contribute their skills across various areas.

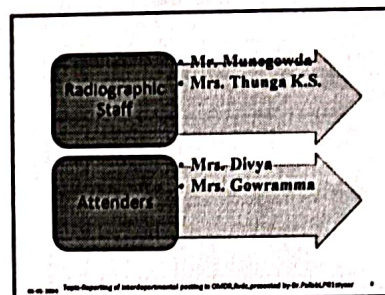

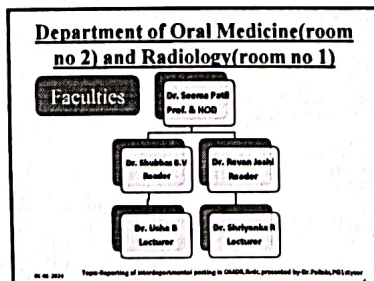

Table of contents

Sl. No	Contents	Slide Number
1	Introduction about dept of OMDR, Posting Schedule, Attendance, Leave if any	5-13
2	Objectives of the posting & Cases shadowed in the dept. of OMDR	14-22

Posting schedule

Posting period	10/11/23-11/12/23	Holiday - 1 day (10/11/23)	Minist/ Dr. Navan K Joshi
Posting time	1:30pm-4:30pm		
Attendance schedule	Present - 11 days Absent - 1 day (23/11/2023) (Sabbath for 1 day)		
Discussion time in	Potentially 10:00am-11:00am	Management and clinical features	Minist/ Dr. Navan K Joshi
Total OPD's Per day	70-80		
Total radiographs done per day	25-40		

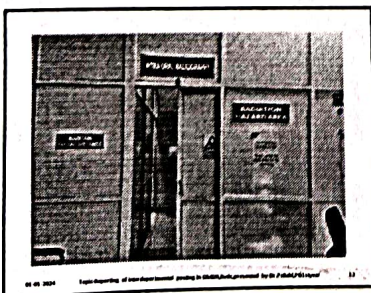

- Tobacco cessation counselling program is also done in the dept. however I could not attend one.
- Seminars are conducted in the morning sessions for the post graduates
- Referral strategies from OMDR to public health dentistry is mainly based on clear communications between the 2 departments
- Ensuring that referral process is streamlined and efficient and also regular updates on each others services to encourage informed referrals.

- ### Objectives
- Mainly promoting community oral health through preventing education, conducting screenings and managing oral diseases.
 - Radiology tasks helps to early diagnosis of diseases
 - Implementing public health programs to address oral health disparities.

Cases Shadowed

Sl. No.	OPD No.	PATIENT'S NAME	AGE	SEX	COMPLAINT	CPC & MEDICAL HISTORY	Referral/Status
1.	22848	LIMMER R.	4yrs	Female	Pain Radiating to the lower left back tooth region		Chronic Irreversible pulpitis 74.75 Case seen by Dr. Subhas B.
2.	22895	DADDU PABU	85yrs	Male	Complaints of Loose teeth & Diabetic since 2 years under medication		Chronic generalized periodontitis Case seen by Dr. Jayaram
3.	22849	MOORE V.	37yrs	Male	Old case of stage 2 OSMF		Case seen by Dr. Deepanjan

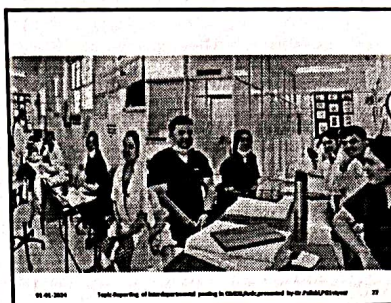

- Out of my 11 days of posting a total of 880 patients were screened and examined in the dept. of OMDR
- Most of the patients reported for pain due to dental caries, few periodontal conditions.
- Few cases were also of OSMF, RTA, leukoedema. They were treated accordingly with further diagnostic test and referred to other departments if required
- The dept. of OMDR also perform diagnostic tests like, pulp vitality, toulidine blue staining, biopsy.

Sl. No.	OPD No.	PATIENT'S NAME	AGE	SEX	COMPLAINT	CPC & MEDICAL HISTORY	Referral/Status
4.	22804	DHANYA V.	23yrs	Male	RTA	Complaints of swelling on the left side of face, since 30 years	Acute/Chronic abscess of the left side of face Case seen by Dr. Subhas B.
5.	22804	DHANYA V.	23yrs	Male	RTA	Complaints of swelling on the left side of face, since 30 years	Case of facial laceration of the maxilla Case seen by Dr. Subhas B.
6.	22804	NARAYAN B.N.	38yrs	Male	Swollen dental check up		Leukoedema noted on the right and left buccal mucosa Case seen by Dr. Jayaram
7.	22842	RAHMAN HEGDE	13yrs	Female	Complaints of loose teeth		End on casting relation Case seen by Dr. Chetu

(Handwritten signature)

Principal
D.A.P.M.R.V. Dental College
J.P. Nagar I Phase,
Bangalore - 560 078.

8.	23417	ARISHA S	40yrs	Male	Complaints of loose teeth Diabetic since 30 years Allergic to penicillin	Chronic parodontal periodontitis Case seen by Dr. Ambalath
9.	23565	NEHMA BANU	35yrs	F	Pain in the upper left back tooth region since 1 month	DOC Ht 25 OPAR shown granuloma Ht 25 Case seen by Dr. Apoorva
10.	23572	PANJAI SONI	45yrs	Male	Complains of inability to open mouth since 15 days No gingiva swelling since 3 years	Case of stage 1 OSMF Case seen by Dr. Deepavardini

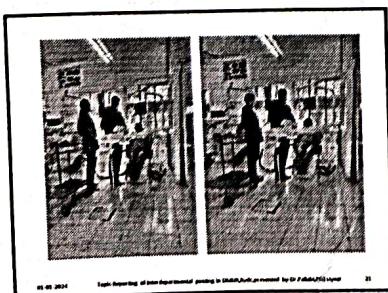

- Learning outcomes from the posting**
- Acted as a revision class for my diagnostic skills
 - How to improvise communication skills
 - How to improvise time management and patient management skills
 - Gain better radiographic projection and processing knowledge
 - How to enter patients details in KELSA app

- Working Experience and Suggestions**
- This posting has improved my confidence in writing diagnosis which will save time at screening component of outreach programs
 - It has helped me in oral health assessments, radiographic imaging and patient care
 - Acquired skills in interpreting radiographs and communicating effectively with patients and colleagues

- Knowledge on recent advances like CBCT
- OPG imaging technique
- Criteria's for patient mobilization to dept. of PHD
- Brief idea about various Oral Lesions and conditions its diagnosis, management and referral situations to various other departments.

- Has seen use of advanced tools like CBCT imaging which is beneficial for future
- Radiograph processing is seen
- Variable Oral diseases cases been seen
- Only suggestion is if the patients OPD cards be arranged in proper order and more organised way

- Can We Collaborate..... ???**
- Collaboration between a public health dentist and a professionals in Oral Medicine and radiology is crucial for comprehensive healthcare
 - A Public Health Dentist can work closely with oral medicine and radiology specialists in several ways...

Principal
D.A.P.M.R.V. Dental College
J.P. Nagar I Phase,
Bangalore - 560 078.

<p>1. Preventive Programs Community education, oral self-examination, and preventive measures tailored to specific populations.</p>	<p>2. Screening Campaigns Oral health screening campaigns to identify early signs of disease with diagnostic radiological tools.</p>
<p>3. Epidemiological Research Conducts joint research to understand the epidemiology of oral diseases, including prevalence, distribution, and associated risk factors. This collaboration can inform evidence-based public health policies.</p>	<p>4. Community Education Educational initiatives to raise awareness about the importance of oral health. It involves creating educational materials, workshops, and outreach programs.</p>
<p>5. Treatment Planning Case conferences for treatment planning, especially for conditions that require a multidisciplinary approach. Radiological findings can guide treatment decisions.</p>	<p>6. Telehealth Initiatives Explores the use of telehealth for consultation and follow-up, increasing oral care access and radiology support in remote or underserved areas.</p>

- Oral examinations can uncover patterns related to age, gender, socioeconomic factors, lifestyle choices, contributing valuable data for epidemiological analyses
- Public health strategies can be developed to prevent and manage oral diseases at a population level.

Public Health Approach

Oral Health (Clinical, Preventive, Diagnostic) + Radiology (Diagnostic, Therapeutic) + Public Health (Prevention, Education, Policy) = Integrated Approach

Acknowledgement

- Dr. Harikiran A.G.
- Dr. Deepti V
- Dr. Divya B.M.
- Dr. Sujithra S

Public Health Perspective from Interdepartmental posting in OMDR

- It offers a valuable perspective by integrating dental care with diagnostic imaging
- This collaboration enhances early detection of oral diseases and contributes to comprehensive healthcare, emphasizing preventive measures and community well-being
- It also facilitates in recognizing interconnectedness of oral and systemic health.

Vote of thanks

- I would like to thank Dr. Harikiran Sir, HOD dept of PHD, for giving me the opportunity to attend the interdepartmental posting which has helped me to gain knowledge and experience in working in OMDR. Also, I express my profound gratitude to the dept of OMDR for giving me the opportunity to assist and work in their dept. along with the post graduate students and interns. Also the radiographic staff for allowing me to observe how radiographs are taken and processed.

- Early detection of oral conditions can lead to timely interventions and prevent the progression of the disease
- Thus reducing the overall burden on public health resources
- It also promotes cross-disciplinary communication and cooperation, essential for addressing health issues
- Observations in oral medicine contribute to the epidemiology of diseases by providing insight into the prevalence, incidence, risk factors associated with the oral condition.

Conclusion

- To conclude, the posting have yielded valuable learning outcomes, enhancing understanding and skills in the respective areas
- It was equivalent to spending long hours going through textbooks for the comprehensive diagnosis and treatment planning portions of different clinical subjects.

Report

The Department of Periodontics in association with Curaden India, conducted a workshop iTOP (Individually trained Oral Prophylaxis) program on 4th March 2024. This workshop addressed the importance of tools available for maintaining good oral hygiene by Dr. Ashwin P S, Periodontist, iTOP lecturer and education consultant Curaden India. The workshop was scheduled in two session, lecture followed by hands on session.

The program was scheduled in the auditorium between 10:00am to 1:30 pm. The program was started by the welcoming all participants to grace the program and escorting of the delegates to the stage by Dr. Aditi and Dr. Pranisha, PG students, Dept. of Periodontics. The delegates on the dias included Maheshvise president sales Curaden India, Dr. Kishor Hadal, Head of education Curaden Dr. Ashwin PS, Resource person, Dr. Gajanan Tar, additional resource person Dr. Suchetha A, Professor & Head, Dr. Amarnath, Associate dean examination. All the delegates were officially introduced and welcomed by the Dr. Suchetha A, Professor & Head, Department of Periodontics. Invocation by Dr. Sahana Hebbani and lighting of the lamp officially started the program. Dr. K. Vinodhini delivered vote of thanks. Resource person Dr. Ashwin PS was introduced by Dr. Apoorva, Reader, Dept. of Periodontics.

Dr. Kishor Hadal, Periodontist, Head of Education, Curaden India briefed about the Curaden company. Dr. Ashwin PS, in his lecture walked through the products available for oral hygiene practice and their differences over the other products available in market. The speaker also addressed the queries of the participant. A total of 50 participants attended the lecture (13 faculty members and 37 Interns, Under graduate, Post graduate students). Following High tea 14 participants continued with the hand on workshop in the Dept. of Periodontics which was followed by group photographs and lunch.

We would like to acknowledge the support of RSS trust, our Principal Dr. Prashant C S and our Head of Department, Dr. Suchetha A and the entire team of faculty and PGs students for the success of the program.
