UNIVERSITY EDUCATION PROGRAMME PROPOSAL- 2021

LETTER OF UNDERSTANDING

WHEREAS " DA Pandu Memorial RV Dental College", (First Party) & "Nobel Biocare India Pvt. Ltd" (Second Party), wishes to establish a vibrant Industry – Interaction cell, with an objective to nurture Higher Learning professionals fully prepared to meet industrial requirements by the time they complete their degree, and are in principle willing to establish an understanding, where both the above shall work together in number of ways with the objective of nurturing industry ready professionals to meet greater technology challenges. The Parties enter the following Letter of Understanding (LOU).

Terms and Termination

The effective date of this LOU is the 14th of Sept. 2021. This LOU shall be valid for a period of 18 months from the Effective Date. Thereafter the parties may mutually agree to extend this LOU in writing if needed.

Either party may terminate this LOU with thirty (30) days prior written notice to the other party.

Either Party may terminate this LOU upon thirty (30) days prior written notice to the other party for breach of any material provision of this LOU and where there is failure to correct such breach within the said notice period.

Confidentially and IPR

All commercial, process product and design information specific to First Party & Second Party, shall be kept confidential.

Governing Law

This LOU shall be governed and construed in accordance with the laws of Republic of India.

Dispute

Disputes, if any, arising out of or in connection with this LOU will be mutually discussed and settled without any obligation on either party.

Compliance with Laws

Both parties specifically represent and warrant that the parties will compliance with all applicable laws including the U.S. Foreign Corrupt Practices Act of 1977, as amended (the "FCPA"), and the

1 / 6

Bangalore - 560 078.**

U.K. Bribery Act and that the parties will take no action or omit to take action that will cause either Party to violate these laws.

First Party acknowledges and confirms that Second Party's support for the educational program under this LOU is not an unlawful inducement or quid pro quo to purchase, lease, recommend, use, arrange for the purchase or lease of, or prescribe a product of Second Party.

Violation of this clause will entitle Second Party to terminate this LOU and Second Party shall not be liable to First Party for any related claim, losses, or damages.

Non-Binding

Except for Clauses above, this LOU and the Appendix hereto are not intended to, and do not constitute or create, an offer by, or a binding obligation or agreement of, either Party and no Party or any Representative of either Party will have any liability with respect hereto. The provisions of this LOU will be subject to and superseded by the final, definitive terms of the Agreements.

SCOPE OF THE PROPOSED EDUCATION PROGRAM

In consideration of the academic and educational purposes of First Party, Second Party agrees to provide training and educational supports to First Party of Ormco products. Such education program will include but not be limited to the following. Please refer to **Appendix** for more details.

a. **ADVANCE SKILL TRAINING & RESEARCH AREA:**

Each of Clinical or Research module format and the relevant training chapters in Appendix includes teaching of theoretical and clinical aspects of the technique, treatment planning, torque selection and bonding and all the training modules, chapters and speakers delivering the training shall be reviewed and agreed by First Party before take place.

The HOD / Faculty of First Party is responsible to define the scope or mix of the products / techniques best suited to their students under above education module programs.

b. **PURPOSE:**

The educational training course will help to enhance & acquire practical skills needed for advancement in a professional orthodontic career.

Subject: In continuation to my previous letter of request to grant permission for 3 Days
Visit to Block Education Office Bangalore South.

Respected Sir,

In accordance with the above stated, I would like to request you to kindly allow me permission to attend 3 days visit to Block Education Office of Bangalore south to get an insight into how an education department system works under government of Karnataka. This would help me gain an insight into how to obtain permissions from authorities to perform my research work in schools of Bangalore South and also get information about various stakeholders for my research work.

This will also help me take my visit forward to community field visit for 3 days. Kindly grant me permission Sir and I shall be highly obliged.

Suggested date for the posting: 23/05/24, 24/05/24 and 25/05/24.

Timing for the visit: 10.00 am- 1.00 pm

Thanking You,

Pallabi Borah

Subject: Submission of report of visit to "Block Education Office, BTM Layout South Block 3 on 24/05/2024"

Respected Sir,

With due respect, I would like to inform you that I have visited Block education office situated in BTM Layout which happens to be the South Block Education Office 3 on 24/05/2024 at 10.00 am to 1.00 pm.

As per my letter of communication made to you Sir on 15/05/2024, I was supposed to attend the visit for 3 days i.e. on 23rd, 24th and 25th of May but due to my ill health, I was not able to attend the visit on 23rd and 25th being a government holiday.

Here is the report of the visit on 24/05/2024:

1. Had the opportunity to meet Dr R.N. Shashikala Mam, acting BEO of South Block 3.
2. Interactive discussion with Mam regarding my Main Dissertation topic.
3. Active interest shown by Mam for participation in my thesis.
4. Assurance to give permission for conducting the thesis in 5 private schools of Bangalore South.
5. Collected information regarding the other Blocks in Bangalore South along with the resource person.

Take home message from the visit

1. Helped me provide an insight into the Block education offices of Bangalore South.
2. Good communication with a BEO helped me gain confidence in carrying out my thesis work.
3. Helped me gain insight into school administration in Government of Karnataka.

Thanking you,

Yours faithfully,

Dr Pallabi Borah

**Subject: Industry Academia Connect – Interdepartmental Posting of Public Health
Dentistry Postgraduate in ASTER RV.**

Respected Dr Prashanth N,

The Public Health Dentistry Postgraduate curriculum aims at producing a competent public health personnel able to provide services in all the sectors of the health care system. To fulfil this objective, the Department of Public Health Dentistry has initiated **Industry Academia connect – Interdepartmental posting initiative**. Under this initiative we would like our 1st year Postgraduate student, Dr Pallabi Borah, to visit to ASTER RV Hospital.

We request you to allot a guide/supervisor for her to aid in the learning process.

Kindly find attached of the proposed Industry Academia Connect Interdepartmental Posting.

Respected Sir,

Subject: Submission of report on attending "Field Visit to Aster RV Hospital on 23rd April to 25th of April, 2024"

I would like to thank the Dept. of Public Health Dentistry, HOD Dr. Harikiran A.G. Sir and Dr. Deepti V Mam for giving me the opportunity to attend the posting to Aster RV hospital. The timings were from 10.00 am- 6:00 pm. Attended for 3 days i.e. 23rd, 24th and 25th of April 2024. I would also like to express gratitude to Mr. Shivprasad Shastri B, Deputy Manager- Human Resources, Mrs. Neelam Pagotra, Senior Manager, and Quality In-charge, Seema Dsouza, Quality Executive, Mr. Amareshwara Bhurke, Deputy Manager in patient In-charge of Aster RV Hospital for the immense support and guiding me throughout the posting.

MY PERSPECTIVE

- 1) It was a great initiative to gain insight into the intricate workings of healthcare.
- 2) Great experience on witnessing various medical specialties in action to understand the challenges and triumphs of patient care.
- 3) The dedications of healthcare professionals can leave a lasting impression providing insight into the complexities of modern medicine.
- 4) Inspired a deeper appreciation for the importance of quality healthcare.

D. A. P. M. R. V. DENTAL COLLEGE

Public Health Dentistry

TAKE HOME MESSAGE:

1. Recognizing the complexities and challenges within the healthcare system.
2. Learning opportunities abound, showcasing the hospital's role not only in treating patients but also in training the next generation of healthcare professionals
3. Importance of Quality team in management of a multisectoral corporate hospital.
4. Policies and protocols development in a hospital and how a team functions in incident management.
5. Procedures to be followed for Audits management in a hospital.
6. Public health perspective of hospital records management, health promotion, policy implications, disease surveillance.
7. Hospitals impact on public health and opportunities for collaboration to improve population health outcomes.

DRAWBACKS OF THE POSTING:

1. Time constraint as 3 days wasn't sufficient to provide in depth insight into the hospitals functions.
2. Was kept as an Observant only without any data entry work or any other related work.
3. Posted only in the Quality team without been posted in wards or any other department.
4. Could not get much exposure or contact with doctors working in the hospital.

Thanking you,

Pallabi

Posting schedule

Posting period	01/11/24-01/12/24	Holiday - 1	Monday
Posting time	11:00am-4:00pm	12/24/24 (01)	Dr. Arunabha B. Patil
Attendance schedule	Present - 11 days Absence - 1 day (12/24/24)		
Discussion done on	Potentiality of multiple pulpitis and conditions.	Management and clinical features.	Monday - Dr. Arunabha B. Patil
Total OVD's Per day	30-40		
Total radiographs done per day	25-30		

- Tobacco cessation counseling program is also done in the dept. however I could not attend one.
- Seminars are conducted in the morning sessions for the postgraduates
- Referral strategies from OMDR to public health dentistry is mainly based on clear communications between the 2 departments
- Ensuring that referral process is streamlined and efficient and also regular updates on each others services to encourage informed referrals.

- ### Objectives
- Mainly promoting community oral health through preventing education, conducting screenings and managing oral diseases.
 - Radiology tasks helps to early diagnosis of diseases
 - Implementing public health programs to address oral health disparities.

Cases Shadowed

Sl. No.	OPD No.	PATIENT NAME	AGE	SEX	CL. & MEDICAL HISTORY	SHADOWED BY
1.	22843	ANBUJI K.	8yrs	Female	Pain Radiating to the lower left back tooth region	Chronic periodontitis pulpitis Lt. 74.75 Case seen by Dr. Ashwath
2.	22885	DADDU PANE	85yrs	Male	Complaints of loose teeth & Diabetes since 3 years under medication	Chronic generalized periodontitis Case seen by Dr. Jayashree
3.	22905	NIJDE M.	27yrs	Male	Old case of stage 2 OSMF	Case seen by Dr. Chandrashekhar

- Out of my 11 days of posting a total of 880 patients were screened and examined in the dept. of OMDR
- Most of the patients reported for pain due to dental caries, few periodontal conditions.
- Few cases were also of OSMF, RTA, leukoedema. They were treated accordingly with further diagnostic test and referred to other departments if required
- The dept. of OMDR also perform diagnostic tests like, pulp vitality, toluidine blue staining, biopsy.

OPD No.	DATE/TIME	Age	Sex	Complaints of	Procedure done	
5.	23004	CHANDRA V.	24yrs	Male	Acute RTA	Check of fractured dental parts of the mandible. Case seen by Dr. Pankaj P. Chavhan
6.	23304	MAHESHAN D.	33yrs	Male	Recurrent dental check up	Leukoderma noted on the right and left buccal mucosa Case seen by Dr. Jayashree
7.	23343	SAVANI HIRSHI	13yrs	Female	Complaints of generally spaced teeth	End on ortho referral Case seen by Dr. Chetty

Principal
D.A.P.M.R.V. Dental College
J.P. Nagar I Phase,
Bangalore - 560 078.

ID	NAME	AGE	SEX	COMPLAINT	DIAGNOSIS
13117	SRINIVAS S	35yrs	Male	Complaint of severe toothache since 20 days. Change to antibiotics.	DOC H 25. XOPAR shows granuloma 11.15. Case seen by Dr. Anurag.
13165	NEELIMA BANU	35yrs	F	Pain in the upper left back tooth region since 3 months.	DOC H 25. XOPAR shows granuloma 11.15. Case seen by Dr. Anurag.
13177	PANDU SURE	45yrs	Male	Complaint of inability to open mouth since 15 days. Info provided regarding since 3 years.	Case of stage 1. OPG. Case seen by Dr. Deepapriya.

- Learning outcomes from the posting**
- Acted as a revision class for my diagnostic skills
 - How to improvise communication skills
 - How to improvise time management and patient management skills
 - Gain better radiographic projection and processing knowledge
 - How to enter patients details in KELSA app

- Working Experience and Suggestions**
- This posting has improved my confidence in writing diagnosis which will save time at screening component of outreach programs
 - It has helped me in oral health assessments, radiographic imaging and patient care
 - Acquired skills in interpreting radiographs and communicating effectively with patients and colleagues

- Knowledge on recent advances like CBCT
- OPG imaging technique
- Criteria's for patient mobilization to dept. of PHD
- Brief idea about various Oral Lesions and conditions its diagnosis, management and referral situations to various other departments.

- Has seen use of advanced tools like CBCT imaging which is beneficial for future
- Radiograph processing is seen
- Variable Oral diseases cases been seen
- Only suggestion is if the patients OPD cards be arranged in proper order and more organised way

- Can We Collaborate..... ???**
- Collaboration between a public health dentist and a professionals in Oral Medicine and radiology is crucial for comprehensive healthcare
 - A Public Health Dentist can work closely with oral medicine and radiology specialists in several ways...

Principal
D.A.P.M.R.V. Dental College
J.P. Nagar I Phase, 1
Bangalore - 560 078.

<p>1. Preventive Programs Community-wide education and preventive measures targeted to specific populations.</p>	<p>2. Screening Campaigns Oral health screening campaigns to identify population at elevated risk (diagnose) radiological tools.</p>
<p>3. Epidemiological Research Community-based research to understand the epidemiology of oral diseases, including prevalence, distribution and associated risk factors. The information can inform evidence-based public health policies.</p>	<p>4. Community Education Educational initiatives to raise awareness about the importance of oral health, if focused on oral self-care, oral hygiene, tobacco use and diet can be effective.</p>
<p>5. Treatment Planning The opportunity to enhance planning especially for patients that require a multidisciplinary approach. Multidisciplinary planning can provide treatment by a team.</p>	<p>6. Telehealth Initiatives Expand the use of telehealth for consultation and follow-up, bringing oral medicine and radiology expertise to provide specialized care, especially in underserved areas.</p>

- Oral examinations can uncover patterns related to age, gender, socioeconomic factors, lifestyle choices, contributing valuable data for epidemiological analysis
- Public health strategies can be developed to prevent and manage oral diseases at a population level.

Public Health Approach

Acknowledgement

- Dr. Hanikiran A.G.
- Dr. Deepti V
- Dr. Divya B.M.
- Dr. Sujithra S

Public Health Perspective from Interdepartmental posting in OMDR

- It offers a valuable perspective by integrating dental care with diagnostic imaging
- This collaboration enhances early detection of oral diseases and contributes to comprehensive healthcare, emphasizing preventive measures and community well-being
- It also facilitates in recognizing interconnectedness of oral and systemic health.

Vote of thanks

- I would like to thank Dr. Hanikiran Sir, HOD dept of PHD , for giving me the opportunity to attend the interdepartmental posting which has helped me to gain knowledge and experience in working in OMDR. Also, I express my profound gratitude to the dept of OMDR for giving me the opportunity to assist and work in their dept. along with the post graduate students and interns. Also the radiographic staff for allowing me to observe how radiographs are taken and processed.

- Early detection of oral conditions can lead to timely interventions and prevent the progression of the disease
- Thus reducing the overall burden on public health resources
- It also promotes cross-disciplinary communication and cooperation, essential for addressing health issues
- Observations in oral medicine contribute to the epidemiology of diseases by providing insight into the prevalence, incidence, risk factors associated with the oral condition.

Conclusion

- To conclude, the posting have yielded valuable learning outcomes, enhancing understanding and skills in the respective areas
- It was equivalent to spending long hours going through textbooks for the comprehensive diagnosis and treatment planning portions of different clinical subjects.
