developing a lesson plan has been laid, the faculty have been trained and learning resources have been shared. Based on the inputs received, the HPEU team proposes the following:

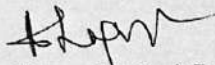

1. The HPEU members from each department meet once a month to discuss the lesson plans from their department and build on the educational strategies.
2. The faculty members need to be trained in educational strategies such as the assessment tools, concept maps etc.
3. There is an urgent need to follow up the implementation of learning from all the faculty.

The faculty have expressed that the session was very engaging and several concepts were introduced to them. They have requested for sessions on clinically oriented skills development and assessment strategies in the coming days.

The participants list, resource documents, participant feedback is attached to the report.

We look forward to the continued support for the faculty development endeavours.
