Camp report

Conducted at: Sri Vanakallu Malleshwara Kshetra, Dhabaspetwad

Date: 24/1/2015, Saturday

Camp Details

A health camp was conducted at Sri Vanakallu Malleshwara Kshetra, Tumkur Road on 24-01-2014 which was initiated and organized by the Lions club, Sheshadripuram, Bangalore.

A team of 6 doctors departed to the camp site at 7:30 am accompanied by the camp organizers and arrived at the camp site at 12pm.

The Camp started with the inaugural ceremony at 12:30pm by Sri Busavaramananda Swamy.

Health Camp comprised of Routine check-up unit, Blood donation unit and Oral Health Unit by the Dept. Of Public Health Dentistry, DAPM RV Dental College, Bangalore

The duration of the camp was 1 hour followed by lunch which was provided to all the health professionals. The team departed from the camp site at 5pm.

Oral Health Unit

Oral Health Unit facilitated by the Dept. Of Public Health Dentistry, DAPM RV Dental College, Bangalore comprised of 5 doctors, 1 assistant and a driver. This unit mainly catered to the oral health needs of the school children present in the ashram with main focus on prevention and detection of oral diseases at early stage.

The total beneficiaries of the camp were 42 with age groups ranging from 5 years to 20 years.

The summary of the activities during the camp is as follows:

Sl.No	Treatment Done	No of Patients
1.	Screening	42
2.	Restoration	1
3.	Scaling	11
4.	Oral Health Education	-
5.	No. of patients referred	25
6.	Total beneficiaries	42

15

Camp Experience

We extend our gratitude to the organizers for giving us an opportunity to conduct this camp and enrich ourselves with learning experiences. We could like to appreciate the efforts of the lions club, Sheshadripuram for taking up this wonderful initiative of improving the health of children.

The camp was well organized by the organizers. The necessary arrangements for the camp were well done.

The camp had a few setbacks. The time management could have been better planned. Better campaigning strategies could have been undertaken to influence the nearby villagers' in order to increase the number of beneficiaries.

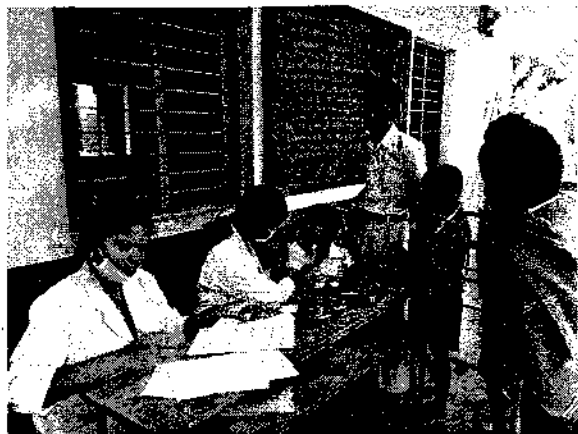

On the whole, the camp was mainly targeted at addressing the health care and treatment needs of school based population and was effective in achieving it.

SUB : Regarding Dental Camp

Dear Sir,

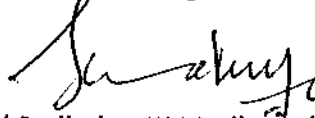

Greetings and Good Wishes to you from members of Rotary Cubbon Park.

At the outset let me thank you and your staff for the wonderful support we have received over the last few years when we organized Dental Camp in rural areas, together we have given treatment and importance of Dental Care.

This is to inform you on Feb 8th 2015- Sunday, at Benakanahalli – Malur Taluk we have planned to organize Health and Dental Check Up camp, few years back at the same place we had done Dental Check camp and now there is a similar request from the villagers, for which we request you kindly to send your team for the Dental check Camp and oblige

The necessary incidental charges, list of medicine and facilities needed for the camp will be organized. Thanking you once again, looking forward to your continuous support,

With warm Regards

(Sudhakar IK Madhyastha)

Notes /Comments on entire Programme, Facilities, Treatment done, Scope for improvement etc.

Organizers: (Name & Designation) The whole programme was interesting, inspiring, and useful. Education can be given through play and by actual participation of children was proved here. Dental checkup and treatment was also given. That is to be appreciated very much

Participating Doctors (Name): It was a very encouraging and interactive session. A whole new experience which made us realize the importance of oral health education. We look forward to more such camps.

Staff (Name): Well organized camp.

Mobile van/ camp equipments condition report/ any repair work/ maintenance/ equipment required:

SATELLITE POSTINGS

Sl. No.	Name	Department & Date	Interns sign
7.	Dr. Afzal Rahman M (11/7/15 - 25/8/15)	KSRTC	<i>Afzal</i>

Note:

- Since the No. of satellite postings have been reduced, interns posted in PHD may be posted to different clinical departments.
- The interns posted to other departments from Dept. of Public Health Dentistry are instructed to attend the camps compulsorily when posted on any other Dept. work.
- At the end of the posting all interns should submit attendance format counter signed by corresponding posting's HOD, to the Dept. of Public Health Dentistry.
- Interns willing to work in other clinical departments of their choice during their posting in the Dept. of Public Health Dentistry should complete their Journal article presentation PPT and get it approved by their seniors. They can do the presentation on the days assigned to them. Along with the above mentioned requirement interns should complete 4 emergency cases in the Dept.
- Interns posted to KSRTC should collect the following documents before attending the posting. (a). Guidelines to attend camps, (b). List of instruments at the center, (c). Details of OP entry at the center.
- Interns posted at KSRTC satellite center should submit their attendance at the end of their posting to the Dept.

Cc to:

- Office of Public Health Dentistry
- Biochemistry

INTERNS POSTINGS FROM 26/8/2015 to 30/9/2015

Sl. No.	Name	Department & Date	Interns sign
1.	Dr. Alex Thomas (21/8/15 - 30/9/15)	Department of PHD	<i>Alex</i>
2.	Dr. Harini Jayalakshmi S	Department of PHD (Camp in charge)	<i>Harini</i>
3.	Dr. Anand Kumar	Department of PHD	<i>Anand Kumar</i>
4.	Dr. VedaVani Bithika	Department of PHD & Biochemistry (weekly Three days Monday, Wednesday, Thursday at 9 am to 12.30 pm)	<i>Vedvani</i>
5.	Dr. Geetu Jose	Department of PHD	<i>Geetu</i>

SATELLITE POSTINGS

Sl. No.	Name	Department & Date	Interns sign
6.	Dr. Anand A (21/8/15 - 30/9/15)	KSRTC	<i>Anand</i>

Note:

- Since the No. of satellite postings have been reduced, interns posted in PHD may be posted to different clinical departments.
- The interns posted to other departments from Dept. of Public Health Dentistry are instructed to Attend the camps compulsorily when posted and any other Dept. work.
- At the end of the posting all interns should submit attendance format counter signed by corresponding posting's HOD, to the Dept. of Public Health Dentistry.
- Interns willing to work in other clinical departments of their choice during their posting in the Dept. of Public Health Dentistry should complete their Journal article presentation PPT and get it approved by their guide. They can do the presentation on the days assigned to them. Along with the above mentioned requirement interns should complete 4 comprehensive cases in the Dept.
- Interns posted to KSRTC should collect the following documents before attending the posting. (a). Guidelines to autoclave, (b). List of instruments at the center, (c). Details of OP entry at the center.
- Interns posted at KSRTC satellite center should submit their attendance at the end of their posting to the Dept.

Feedback from the organizers:

Name:
Signature:

Happy that a Dental Clinic is being conducted at People's Campus on a weekly basis. It will definitely cater to the dental health requirement of the rural community especially the rural village school children.

D.A.P.M. R.V. DENTAL COLLEGE
Public Health Dentistry

411

Feedback from UG student: Dr. Omar

The camp was organised really well and a good learning experience, quiet good focus on aseptic conditions

Feedback from PG student: Dr. Peetima Z

A very well organised camp.
May be more interns could have been posted for the camp.
Aseptic conditions were followed very well.

Feedback from faculty:

Mirror, protective eye wear, drapes required to be included

Any other detail which needs to be added:

⇒ A portable autoclave can be implemented for ease of work

Feedback from UG student: Dr. Apoorva

The camp was very well organized & systematic right from clean working area to rest room facility. The color of solar is very good and an awesome instrument to work with

Feedback from PG student: Dr. Sysonita Sysona

The camp was well organized. New experience I learned. Everything was neat & clean there. Patient flow was enough to learn new things.

Feedback from faculty:

Camp was well organized. We have a good opportunity to liaise with the organizing team.

Any other detail which needs to be added:

- It would have been more helpful if we had:
- i) More no. of interns
 - ii) few more patient Drapes
 - iii) Protective Eyewear
 - iv) Solar tips & Daper Dish

Notes /Comments on entire Programme, Facilities, Treatment done, Scope for improvement etc.	
Organizers: (Name & Designation) Dr. Shwetha. S.S. Lecturer. * Dental Camp was very well organized & appreciated. Doctors were very well examined and treated.	
Participating Doctors (Name): The overall camp was well organized. The health of the patients was less maintained, though they were well aware about oral health and had previously visited dentists. We had to face a problem with the electricity.	
Staff (Name): Camp could be well organized.	
Mobile van/ camp equipments condition report/ any repair work/ maintenance/ equipment required: Note: The staff/ PG Student In charge/ intern in charge of the camp should enumerate and give details of what additional material/ instruments/arrangements are required and repair work (equipment used for camps e.g. aerator hand pieces, Micro motor hand pieced, cords, straight hand pieced, light cure equipment, scalers, consumables and minor equipment like burs etc, any other requirements) Few equipments like vanish or was not available.	
Scheduled Departure time (from college):	7:30 am
Actual Departure time (from college):	8:00
Reason for leaving late: (if relevant)	Bus arrived late
Scheduled arrival time (at college):	3:30 pm.
Actual Arrival time (at college):	5:00 pm
Reason for arriving Late:[if relevant]	Started late from camp site

Feedback from UG student: Manju

- ⇒ Enthusiastic kids.
- ⇒ Well organized camp.
- ⇒ More scaler units. Manju

Feedback from PG student: Dr Prathima L

- ⇒ The camp was well organised
- ⇒ Scaler unit was not taken due to which less number of patients were treated. Prathima

Feedback from faculty: Dr Jyotsna S.

- ① Need to ensure that all ^{required} equipment are taken to camp site.
- ② PGs and camp-in charge interns are taking a laid back attitude towards camp arrangement & execution of the camp. Jyotsna

Any other detail which needs to be added:

- ⇒ Implementation of boxes for the 'Sparkyman' was very helpful.
- ⇒ Ease in making the children play.

Feedback from UG student:

A well organised camp, we had a great experience screening around 2000 students of the school. Excellent hospitality. But we did not get a chance for a oral health education to give to the kids. We are thankful to the school administration and our dental college and Dept of PHS for giving this opportunity.

Feedback from ~~UG student~~ SCHOOL:

Very well organised
Sumatha

Feedback from faculty:

Well organized.
 Good hospitality.

Feedback from UG student:

• Cavity Preparation is difficult with micromotor. and we need one more aseptic chair, arotor ^{game} El bulb.
 • Spunkyman board ~~game~~ → children have played many times. ~~39~~ and were excited to play 39 ~~words~~ ^{words}. But they could not read sentences from card.

Feedback from PG student:

- * Need a face mirror & 2 more patient drapes
- * It would be better if both the games are made in kannada (local language) as well, for the children to understand better

Feedback from faculty:

Well organized camp.

- * Airtor base and airtor needs to be checked for use. Not working in camp. in addition to above mentioned recommendations.

Feedback from UG student:

Feedback from PG student:

Dr. Lakshmi Reddy

The story telling session went well in all the three four play classes. Children were too smart & the questions which they asked during the story telling actually opened our minds. few things like using tooth brush & paste, mouth mirror & probe etc. - during story telling could have been done to make children aware of the dental work.

Feedback from faculty:

the dental work

Public Health Dentistry

Feedback from UG student: *Dr. VARSHA H NAIR*

It was a very good experience to interact with different type of patients. It was my first camp and had a wonderful time.

Feedback from PG student: *Dr. Prathima Z*

⇒ A well organized camp.

⇒ Interns were new and were pretty oriented.

⇒ More orientation is needed for health education.

Feedback from faculty:

Well organized camp.

K.A. Camp Incharge Faculty. To modify float appropriately but so have periodic reports for regular camps

Dental Camp is most necessary in this area since it is covered by many small villages. R.V. Dental College has given full co-operation and extended their kind social service in serving the needy people especially villagers. Please continue the same and fulfill the college's social obligations. In this regard College Camp team has given full co-operation for which RVP thank them.

Feedback from UG student: Swetha

Well organised camp. The children were very interested in playing the board game and about learning in total. They also made reports about oral health. The treatment was done to a good number of people.

Feedback from PG student:

It was a well organized camp. Children were very fond here & wanted to know more & more about their oral health status. Proper sterilization instructions have to be provided to the PG's as well as interns prior to the camp.

Feedback from faculty:

Camp was well organized. The insti department and institution can look into continuing the oral health program on a long term basis and possibly adopting the centre for outreach program

Feedback from UG student: Dr. Taikhum

- Camp was properly organised.
- Exposure to rare cases was provided
- learnt time management.

Feedback from PG student: Dr. Pentime Z

- A very well organised camp
- Ambulance was very good.
- The patients responded well to the organised camp.

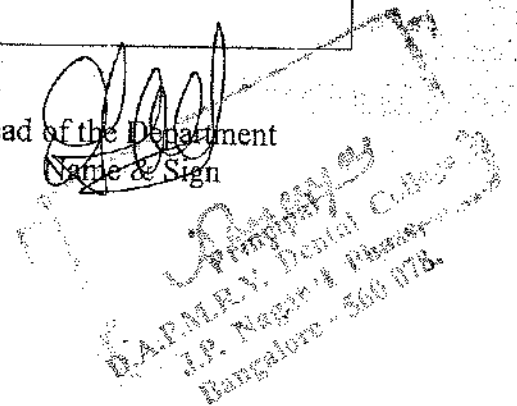

Feedback from faculty:

- The camp was well organized.
- of the 70 patients screened, 3 had were suspected to have oral cancer. We have to identify systems for follow up of such patients.
- The total time ^{spent} for the camp (including travel) was 12 hours.
- The bus driver had travelled all night and was drowsy while driving which put all the passengers at risk.

Feedback from UG student:

Well organised camp. preventive procedures were performed successfully

Feedback from PG student:

well organized camp. The patient flow was comparatively very less. More no. of patients need to be oriented through the organizers regarding the dental camp.

Feedback from faculty:

The weekly regular visits have improved the outlooks of the organizers. However, the public response to camp is less. I have requested Mr Ramaswamy to mobilize more people and spread the word, so that the number of beneficiaries increases.

Request for sending Dental Technicians for Education in U.S.A.

Government Dental College and U.S. Army Institute of Health (AIDC) are planning to conduct a Dental camp in Nepal for the U.S. Army Dental Technicians from 17th & 18th December 2016 in Government Dental College, Bangalore.

The Principal of Government Dental College has sent an official communication to the U.S. Army Institute of Health to send their dental technicians for the camp.

Hence I request you to permit me to send our department technicians to attend the camp held on 17th & 18th December 2016 for the camp.

Thanking you,

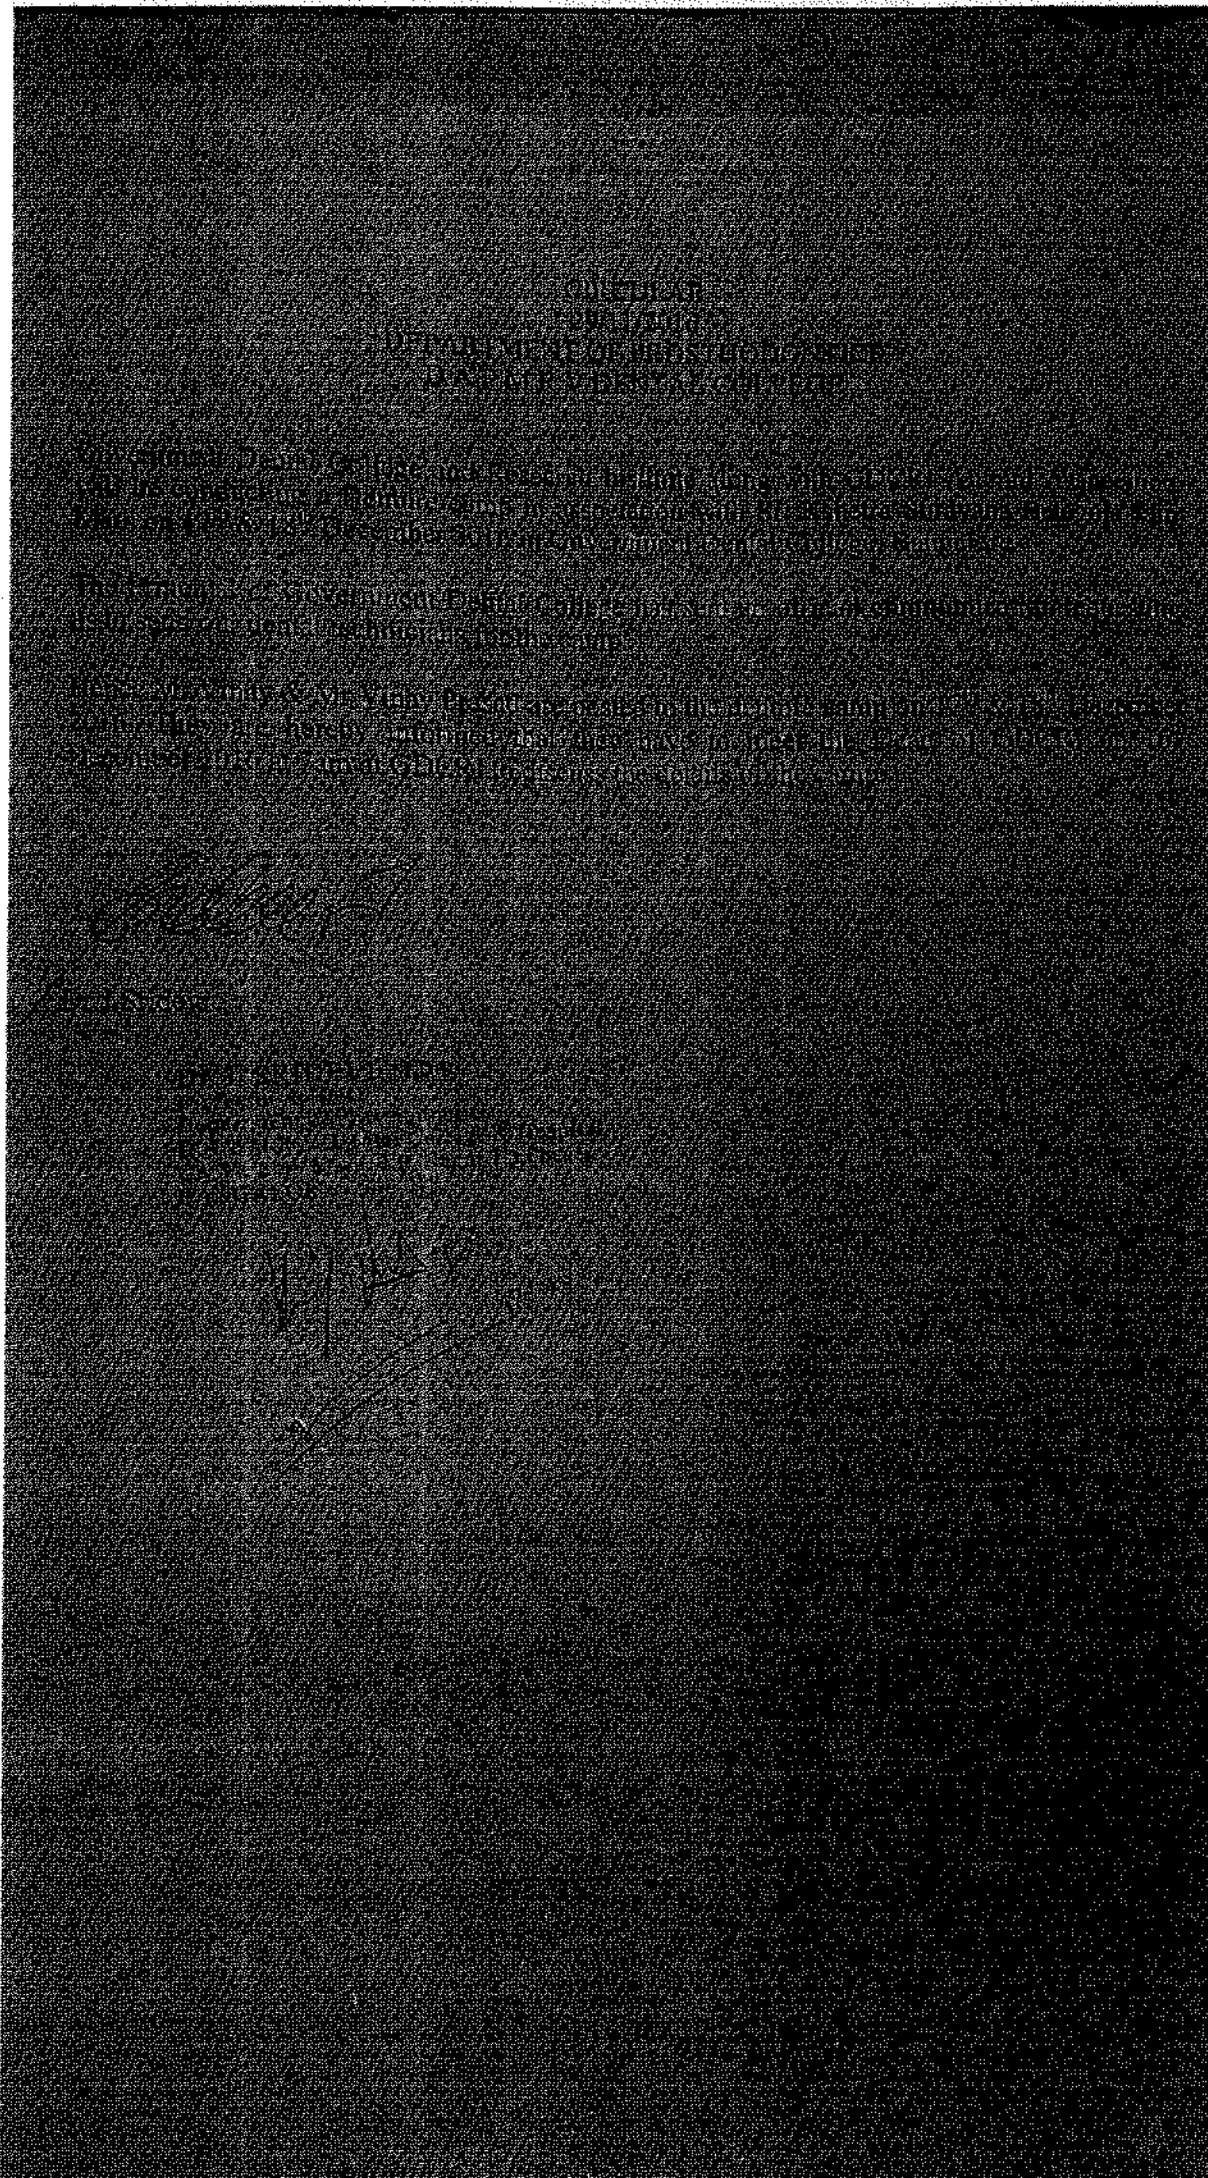

Yours sincerely,

(Dr. S. S. S. S.)

Feedback from UG student

Well organised camp. Patient flow was less compared to other days. Topical anesthetic spray required.

Feedback from PG student

Well organized camp. As there are patients coming for extractions, there is a need for LA and retraction for caps. Need to post an oral surgery PG at least once in a month. Need for topical CA spray in case of patient with sensitivity on scaling.

Feedback from faculty

Camp was satisfactory. In terms of building up the patient inflow, (especially in the context of optimum utilization of mobile dental van) can we accumulate cases pertaining to surgery, pedo, cons, prostho & provide care to all the patients who report to the satellite center?

Any other detail which needs to be added:

Public Health Dentistry

Feedback from UG student

- Poor Power Supply.
- Not well organized camp.

Feedback from PG student

Dr. Radha

- Poor organization of the camp
- Need to wait so long for the power supply
- No ^{proper} place for hand washing
- Inadequate space for the dental unit. Arranged dental setup in two different places.

Camp set up near not well planned.
Electrical connections not available.

Feedback from UG student

well organized camp. Asepsis was well maintained during the camp.

Feedback from PG student

Dr. Radhey

→ Camp is organized well. As the no. of patients are less, we didn't feel much difficulty in rendering the treatment services.

Camp pt no was less, we had to wait for pt to arrive at the camp site

Any other detail which needs to be added:

→ Camp was organized well, less no of patients so less stress while providing treatment

Public Health Dentistry

Feedback from UG student

Camp was well organised, we learnt a lot of ~~the~~ clinical skills to work faster and effective.

Feedback from PG student

Camp was well Organized. Patients flow was better when compared to previous Camps.

Camp was well organized, patients can be requested to be present 15 mins before the camp starts rather than waiting for them to arrive.

Any other detail which needs to be added:

- Anotax is Required, scaler lint required.

D.A.P.M. R.V. DENTAL COLLEGE

Public Health Dentistry

Feedback from UG student

- Well organised camp.
- CPITN Probes ~~is~~ required ~~to~~

Feedback from PG student

- A well organised camp
- Opportunity to learn many things
- Opportunity to manage patient
- Power back is required.

Feedback from faculty

Well organized camp.

Any other detail which needs to be added:

The driver Mr. Harish was very unco-operative and behaved rudely. He was driving rashly at speed of 100 kmph on NICE Road, argued about the toll amount, and even when offered, refused to take it and choose to avoid NICE Road while travelling back from the camp.

1063

Feedback from UG student

The ^{Most of the} mouth mirror is are not in good condition for indirect vision. The Patients coming for the replacement of missing tooth are finding it difficult or they are finding the treatment futile. So if we could get a section for replacement of tooth it would be good.

Feedback from PG student

Require acetator for the camp.
 Since there were many leukoplakia and other pre-cancerous lesions observed in the camp site; there need to have a biopsy procedure start up in the camp.

Feedback from faculty

Camp was well organized. Patients are requesting for orthodontic, prosthodontic & surgical extraction.

Feedback from UG student

Camp was very well organized for ^{work} instruments / thing / every other things. Could find the caries incidence & also the lack of dental knowledge in people there. could provide required treatment & education also.

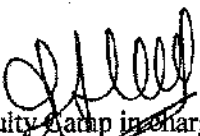

Feedback from PG student

- Was well organized camp from Sri Satyana Sri Anugama Trust, It was very good experience as it was multipurpose camp, good n'o of patient flow. Got chance to learn leadership skills.

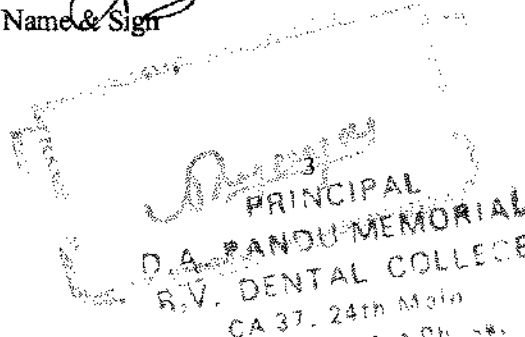

Feedback from faculty

Any other detail which needs to be added:

- Require Portable Acetate unit.
- Goggles
- Request for hand sanitizer.

we may need the required assistance from the Institution to propagate and educate the the patients around the village.

Feedback from UG student

1088

Scaler machines stops working in between.
Portable sections are required.

Feedback from PG student

- Well organized camp
- Foot pad of scaler units need to be repaired.

Feedback from faculty

Camp was organized properly but a few issues need to be addressed.

1. Responsibility and checking of instruments/equipment/materials to be carried for the camp.
2. Repair of micromotor hand.
3. Repair of scaler footpad.

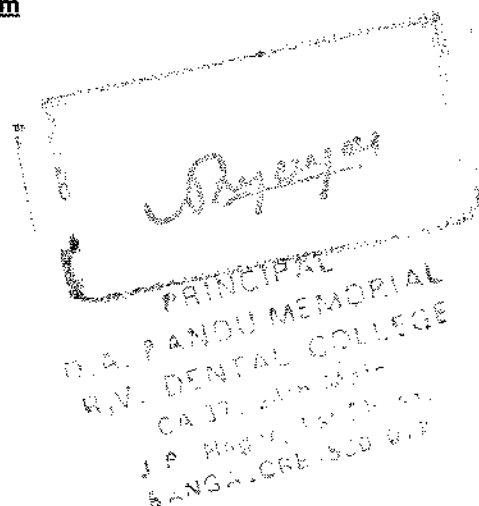

Any other detail which needs to be added:

1. Inclusion of articulating paper.
5. Need for sterilized kidney trays at least 20 nos.
6. Change of mouth mirror.

~~Staff~~

12/2/17
Chickballalur

Respected Madam/Sir,

We are extremely happy & deeply grateful for the excellent service rendered by your team of young doctors/staff. Your team is very dedicated and they all are rendering excellent service for past many years. In future also, we expect your co-operation in many more medical camps which will be conducted in several areas. We wish all the best for all your future endeavors.

Thanking you all

Anand. K

Feedback from UG student

The camp was a good experience and chance to learn how to work well in a team. It was well organised and enjoyable.

- Micromotor was not working during the middle of the treatment, replacing or servicing of the motor is necessary.

Feedback from PG student

- Good Patient Flow
- opportunity to manage pedo patient also
- Micromotor cord and control box is not functioning properly.

Feedback from faculty

well organized camp, systematically organized both for Health education & screening. NSS volunteers provided a lot of support and in traffic management.

Any other detail which needs to be added:

- control box ~~was~~ not stopped working after few ft.
- ~~hand~~ micromotor cord ~~was~~ not functioning properly.
- learn straight fence bar

11/18

Feedback from UG student

Camp was very well executed. A great number of pts. received Rx at basic levels. Sealant units were too less. A few additional sealant units would have had been good!

Feedback from PG student

camp was well organized, for a big camp like this, we need to have more sealant units, as majority of the patients receive oral prophylaxis.

Feedback from faculty

Well organized camp. However it would be nice if the camp organizers are informed about our camp requirements to avoid delay in setting up of ^{equipment} ~~camp~~ at the camp site.

Any other detail which needs to be added:

→ Sealant units were required.

Feedback from UG student

It was a nice experience and it was a good camp, but not so much patients were there, But we help them out whenever we can do for them. Thank you.

Feedback from PG student

-Camp was moderately organized. All doctors were thirsty but organizers failed in providing water for drinking atleast.

Feedback from faculty

Need for more propagation about the camp. It could be organized much better.

Feedback from UG student

There were very less patients due to the overpopulation of students & children. But otherwise camp was well organized.

Feedback from PG student

As there are exams going on for school students, there were no school children & even outsiders were only 3. So, maybe we could have planned camp in some other locality which will benefit people there. Otherwise, all arrangements were organized on time.

Feedback from faculty

Information on no. of patients should be provided prior to the camp organization to ensure appropriate utilization of manpower & resources.

Feedback from UG student

Dr. Nona

It was a very nice experience attending the camp. I really enjoyed it. I was lucky enough to attend such a wonderful camp. All the members of the team worked well and hope such camps will be conducted again in future.

Feedback from PG student

Dr. Pentura

It was one of the best camps among all the camps
- Well organised
- All the participants of the team worked for the camp to make it a successful one.

Feedback from faculty

Dr. [Signature]

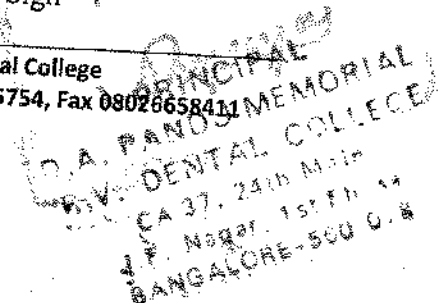

The camp was well organized. We were prepared to screen 600 patients for oral diseases. The team worked really well together and everybody put in their best efforts. The location of the camp was excellent too.

Any other detail which needs to be added:

① Need to take cooler type autoclave for all outstation camps.

Dr. Chinnay

1193

I, Dr. Chinnay from Dept of Oral & Maxillofacial Surgery, R. V. Dental College was part of Dental Camp organized at Bhedra forest Reserve on 18/3/17 & 19/3/17.

This is the first time that I have visited the place. We had a comfortable stay and were happy with the facilities provided. The organised food was very good and all accommodation provided was great.

We came out around 15:00 hours and detected pre-cancerous lesions in a few patients. These patients were counselled to quit tobacco habits and also were referred to nearby Dental College for further management.

Overall, it was a satisfying experience & would like to visit the place again.

Sub: Report of the activities conducted by the Dept of Public Health Dentistry in the Outstation camp held at Bhadra Tiger Reserve, from 17th March to 19th March ,2017

Respected Sir,

At the outset we would like to thank you for allowing us to participate in the outstation camp held at Bhadra Tiger Reserve, from 17th March to 19th March ,2017.

This camp was conducted by the Dept of Public Health Dentistry, in association with NGO's Rotary Bangalore, South, Eco Green Force and the Dept of Forest, Chikamagalur Division for the permanent and temporary forest guards working in the various Anti-poaching camps operating in the Lakkavali and Muthodi ranges of Bhadra Tiger reserve.

A team of 14 personnel from the Dept of Public Health Dentistry was led by Dr.Jyotsna, Reader. This team comprehensively screened all the participants. They laid particular emphasis on "prevention and health promotion" activities. Each and every patient received oral health education. In addition, caries and periodontal disease preventive procedures were carried out with due priority. Furthermore, all the patients who required restorative care, which was possible in the camp setting were provided complete treatment.

Since we anticipated the oral health needs of the target group, we had Dr. Chinmay, Reader from Oral Surgery and a postgraduate student taking care of the minor oral surgical procedures. They also assisted in diagnosing and coming up with a patient management plan for patients with oral pre malignant lesions.

The NGO partners – Rotary Bangalore, South and Eco Green Force did a commendable job by undertaking this multispecialty medical camp. In addition to oral health services, the Rotary team provided for General physician, cardiologist, optometrist and a psychologist for the forest workers. The NGO Eco Green Force, which initiated the camp, took care of the accommodation and hospitality for all the participating doctors. The association with the two NGOS can be strengthened further in future.

The outreach program provided for networking opportunities with different NGOS and dept of Forests to explore the possibilities of long term sustenance and utility of such camps. It also facilitated our post graduate and undergraduate students to discover firsthand the factors influencing the health status, access to medical and dental care, affordability of care of the forest workers. This exposure will definitely help them to understand the community they serve more dynamically.

Feedback of Dental Camp (18-03-17 - 19-03-17)

Eco Green force

(118)

We at EGF have been happy with the contribution of the dental team at the EGF medical Camp conducted at the Bhadra Tiger Reserve on 18th & 19th March 2017.

Though the team comprised of young members, we observed that they displayed a lot of dedication & that they co-ordinated their work very well. They were systematic in their work. Good team work, ably led by their team lead.

For EGF

Feedback from UG student

Good arrangements done, camp was organized well. No inconvenience experienced.

Feedback from PG student

It was well organized camp, though arrangement was done in small and crowded place. Patients were cooperative. Patient flow was less than expected. Overall good experience.

Feedback from faculty

Camp was well organized. PGs posted for camp should be more responsible of their duties for arrangement of camp materials.

Feedback from UG student

I was so happy going for the Camp, the whole team worked with a great coordination, one thing I would like to mention was the dental chair was not working in the mobile van. Apart from that, it was a very nice camp.

Feedback from PG student

- Good opportunity to manage a camp, to learn different skills
- Dental chair was not working properly in the mobile dental van.
- Water leakage from the quarters.

Feedback from faculty

It was the first camp using mobile dental van and teething issues were there which need to be resolved.
Problems faced have been listed in the annexure attached.

Feedback from UG student

This camp was overall good in terms of management & space. The experience was nice. The patient flow was also great.
 Note: A tester, cutting plier, wired junction box required, ~~tester~~ not scaler (water) not working properly. Steriliser ~~not~~ wire not proper

Feedback from PG student

It was very well organized camp in terms of arrangement, food & attitude of the organizers too. Expected pt were more, but even in ^{through} short time camp was arranged, pt flow was good.

Feedback from faculty

Camp ~~was~~ organizers were supportive and co-operative. With prior coordination from the organizers the camp arrangements for provision of treatment could have greatly improved.

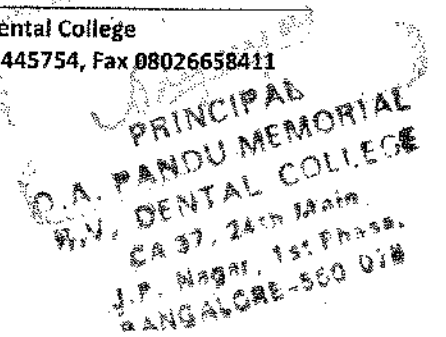

Any other detail which needs to be added:

- Aerator is needed
- One of chair in mobile van wasn't working
- Junction box.
- Tester, cutting plier.

The team of Doctor from all section from R.V. Dental College, Narayana Hendrayala & Narayana Mahalinga have examined nearly 90 patients with all care and given their valuable suggestions & advise. It is really great Taste which Doctors can do to the oromaxillary specially rural folk. While they get such opportunity once in a while. We really appreciate the time & Taste they have rendered to-day on the auspicious day of ^{126th} birth day of Honorable Dr. B. R. Ambedkar.

We the directors & members of Association wholeheartedly Thank one & all who have participated and facilitated in the programme.

(C. BASAVAIHAH)
President of the
Association.

Kind Attention Dr. Jyoti: 15/4/2017.

a) Letter to office of Principal about all pending repair jobs, since when 4. Posting letters of Mr. Shekar with details.

b) Copy Designer Instructions: Plea Modify to reflect importance of Powder.

c) In the final that Designer fill & return, make check list at the End. which asks if Powder arrangements are done. & local authority Tapes

Feedback from UG student	Ashiq Ajit <i>[Signature]</i>
The camp was organised very well. The only ^{problem} we faced was ^{with} the dental chairs in the mobile dental van - not working.	
Feedback from PG student	
- Its a multispeciality camp and was organized very well by Annapurna trust people. Almost 85% of the patients were benefitted with the dental treatment. We had problems with the mobile dental van. 2 chairs in the van were not working and the pick up of the vehicle is so poor that it is taking more time to travel than usual.	
Feedback from faculty	
Dental camp was a part of multispeciality camp. The camp was well organized. Most of the patient I visited the camp had moderate to severe fluorosis. All Rx were provided in the hallgim by the organizer. The mobile dental van was not used as the chairs were not working, NO electric generator was provided by organizer.

Feedback from UG student

Nandan Kumar,

Camp was good and organized well. But due to lack of materials, we could not provide treatment to everyone. But otherwise it was a nice camp!

Feedback from PG student

Lakshya Reddy

Camp was very well organized. We could get separate rooms for scaling, restorations & preventive procedures. So it became easy for us to treat in a clean environment without any confusion.

Feedback from faculty

Well organized camp. Good working team of interns & PG.

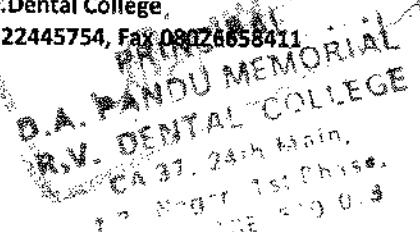

Any other detail which needs to be added:

1. Since the No. of satellite postings have been reduced, interns posted in PHD may be posted to different clinical departments.
2. The interns posted to other departments from Dept. of Public Health Dentistry are instructed to Attend the camps compulsorily when posted and any other Dept. work.
3. At the end of the posting all interns should submit attendance format counter signed by corresponding posting's HOD, to the Dept. of Public Health Dentistry.
4. Interns willing to work in other clinical departments of their choice during their posting in the Dept. of Public Health Dentistry should complete their Journal article presentation PPT and get it approved by their guide. They can do the presentation on the days assigned to them. Along with the above mentioned requirement interns should complete 8 comprehensive cases in the Dept.
5. Interns posted to KSRTC should collect the following documents before attending the posting. (a). Guidelines to autoclave, (b). List of instruments at the center, (c). Details of OP entry at the center.
6. Interns posted at KSRTC satellite center should submit their attendance at the end of their posting to the Dept.

Feedback from UG student

Got good exposure. best and students got to interact with patients but it was too hot and it tired us out soon.

Feedback from PG student

Dr Prithvi

- A well organized camp with a good ambience
- Oral health status of the patients seems to be poor
- Manpower was good

~~to~~ ~~do~~

pts.

Feedback from faculty

Camp was well organized.

Any other detail which needs to be added:

- Acetate
- Instruments has to sterilised prior to the camp.

Feedback from UG student

Ashiq Ajit

Camp was not organised well. scaler tip unit was not working properly.
Adequate tables were not provided.

Feedback from PG student

well organized camp. one of the scaler unit (sat. loc) was not working in between due to loose connection.

Feedback from faculty

1. Camp was organized in an Anganwadi and we had to make do with whatever resources were available.
2. Mobile dental van could not be used - due to lack of parking space & non-functioning chairs
3. The journey was longer than expected as we had to travel to villages - I have requested Mr. Prasad to send google location in advance

Any other detail which needs to be added: for ease of navigation.

Feedback from UG student

Camp was a good experience. Organisation could be better in terms of instruments.
- Very poor management of hygiene due to insufficient supplies of water and cotton. If this is improved it would be all over a very good experience.

Feedback from PG student

- Camp could have been more organized in terms of arrangements, facility provided.
- Patient flow was OK, could have been better.
- Patient's attitude was good & were co-operative.

Feedback from faculty

Camp could be better organized.
- was little difficult to setup ~~the~~ everything due to new attendees 1st camp visit.
- Attendee was very efficient.
- New for new suitcase,

Any other detail which needs to be added:

* Usha (helper) was very helpful & was active throughout the camp
* Need for a suitcase (older one doesn't have locking system)
* Aerator ~~was~~ not working.
* Eyewear needed
* Chair not working

Public Health Dentistry

Feedback from UG student

Dr. Shashank

It was a good experience. Learned new things. The number of patients treated was less. Looking forward for more camps.

Feedback from PG student

Dr. Vishalaksh

It was a good camp but the number of patients were very less. Expecting to screen more number of patients. Looking forward to more camps.

Feedback from faculty

Well organized camp. Patients could have been more.

Public Health Dentistry

Feedback from UG student

- A well organized camp
- Protective eyewear required during scaling procedures
- High speed acetar required for restorative procedures

Feedback from PG student

Dr. Prathima B

- A well organized camp
- Good team work
- The oral hygiene status of the patients was poor and needs to be improved.

Feedback from faculty

The organizing team wants to organized camps in local schools from August 2017 onwards. I have requested Mr. Sadanand Shastri & Mr. Lakshmi to inform us 15 days in advance.

Any other detail which needs to be added:

- The old scaler unit needs to be repaired.
(Chord)
- The new scaler units foot pad has to be repaired
- Syringe needs to be taken.

Public Health Dentistry

Feedback from UG student

Patient inflow was good in this camp. It was well organised.

Feedback from PG student

Dr. Vishakha.

It was a very well organised camp. lot of patient exposure. (Time management & patient management skills learned). Looking forward to more camps.

Feedback from faculty

Camp was good. Shekar was not attending any of the camp as the chair in mobile dental unit is not functioning properly.

Public Health Dentistry

12/5

Feedback from UG student Divya Das.

The camp was well organised, team could work coordinately to bring good outcome for the treatment for the day. We could give oral health education class for school students and demonstrated tooth brushing and hand washing technique.

Feedback from PG student Mrs. Pearl Maria Dsouza.

The camp was very interactive. The students and teachers were enthusiastic and participated actively. Students were very much excited about the concept of brushing and hand washing in school. Camp was well organized.

Feedback from faculty

The school faculty were very supportive and had organized very well. It was not very difficult to orientate faculty of the school.

Any other detail which needs to be added:

Public Health Dentistry

Feedback from UG student

This was my first camp from the Department of Public Health Dentistry. Patients could be provided with the necessary treatment, and preventive procedures. It would be nice to have some refreshments like coffee etc. before starting.

Feedback from PG student

Camp was well organized. Out of 17 patients visited, we could provide treatment to all the patients of which 07 patients received preventive procedures.

Feedback from faculty

Patient inflow could be increased by ~~for~~ more propagation about the camp.

Any other detail which needs to be added:

Feedback from UG student *A. Aiti*

It was a good experience but didnot get a chance to explore more as the number of patients were less. The setting was good and a great experience to work.

Feedback from PG student *A. Vichakha*

It was a well organised camp. But very few less patient inflow. looking forward to more camps and opportunities to learn.

Feedback from faculty *~~S. S. Srinivas~~*

~~It was a really work~~
The camp could be propagated much more seriously. Hareddy 8 pt. visited the camp. needs more propagation regarding the camp. in and around villages.

Feedback from UG student

Dr. Reethu

It was a quite innovative and informative platform to learn things not only from our field of dentistry, but also from other various other fields of medicine. Patient exposure was good enough to make us think about the holistic approach towards health.

Feedback from PG student

Dr. Vishakha

It was a very good learning experience. We were given exposure on a big platform to screen the patients and interact with them. It was an opportunity to promote oral health. Looking forward to more such opportunities.

Feedback from faculty

Dr. Vinodhina

Good opportunity for ^{importance of} oral health promotion among other medical speciality

Any other detail which needs to be added:

Public Health Dentistry

Feedback from UG student

Korakere camp was a new experience for me. All our batchmates and PG's worked together guided by the faculty. I have learnt on how to work together by proper work division and managing a large group of children. I specially thank each and every one who gave me a platform for this new experience along with every group member for making it a success.

Feedback from PG student

- Good camp
- learnt patient management skills as there were huge number of patients screened and treated.
- material management skills learnt.
- learnt ~~learned~~ ^{learned} Importance of team work.

Feedback from faculty

Good camp, the organizers were very helpful in traffic management at the same time they were very co-operative and had ~~every~~ one person incharge at every counter for help.

Feedback from UG student

Dental chair in van not working properly. Otherwise it was a nice camp.

Overall camp was good. Ultrasonic scaler unit was not working in the bus which made us little inconvenient. - Theres George. Gantorn

Feedback from PG student

- Good camp.
- learned planning & management skills.

Dimple

Feedback from faculty

Camp was well organized by BVP & local contact personnel Mrs. Lakshmi. Lack of continuous power supply, malfunctioning ultrasonic scalers, non-functional chairs in the mobile dental van - lead to reduced efficiency of dental care provided.

Any other detail which needs to be added:

① Anterior scalers are not there.

Feedback from the organizers:

The awareness programme was informative. The doctors answered the queries of the parents and also gave minor treatments. It was alarming to see the number of students given minor treatments, and referred to hospital. I thank the management and doctors for creating awareness.

Feedback from UG student

This was a really good experience for all of us. Happy to treat so many patients who can't afford going to expensive dentists.

Feedback from PG student

- Camp was not organized properly
- Patient flow was quite good.
- More camps needs to be conducted in this particular region as the oral hygiene condition was so poor among this cohort.

Feedback from faculty

Well organized camp.

Public Health Dentistry

Feedback from UG student

It was a really good experience today. Smooth & efficient. The students were very cooperative & we worked as a team & handled the patients well

Feedback from PG student

• It was a well-organised camp, patient inflow was good, got a chance to identify oral premalignant lesions (Leukoplakia). Overall a good experience for me

Feedback from faculty

Public Health Dentistry

Feedback from UG student

The best organized camp yet. The children were very ~~cooperative~~ cooperative and joyful.
The only downside would be not being able to use ~~airflow~~ and using a micromotor

Feedback from PG student

- Patient inflow was less compared to previous camp, but the camp was well organized, good to be a part of team.

Feedback from faculty

Well organized camp.

Feedback from UG student

Well organized camp, good effort from the department. The bus needs maintenance as most of the things are damaged. Only one dental chair is in position. Acrotor pedal was not working properly, now was the water speed of acrotor requestable. Kindly look it into it. But the camp as such was an excellent experience.

Feedback from PG student

Well organized camp with a good patient flow. Patients were co-operative and a good exposure in this camp to learn to manage Higi.

Feedback from faculty

Good camp, well organized camp.

Any other detail which needs to be added:

1. Dental chair in the mobile requires backrest to be repaired.
2. Acrotor pedal not working.

Respected Sir/Madam

Ref: Red Ribbon Club Activity No. DAPCY/BNGU/127/2016-2017

This is in continuation with our previous communication Red Ribbon Club Activity No. DAPY/BNGU/127/2016-2017. We are happy to submit the report for the third year of Red Ribbon Club Activity in Dept of Public Health Dentistry, DAPM RV Dental College:

1. Red Ribbon Club Awareness programme 2011
2. "AIDS Concientia" 2014 – Poster Competition
3. "AIDS Cognizance" 2017 – e poster Competition

The programme received an overwhelming response and participation from the dental institution. Details of the program are attached.

1. Programme Details
2. List of Judges & participants
3. Snapshot of E posters
4. Photographs of the programme
5. Budget

As an outcome of the discussion during the programme, three important points emerged:

1. Development of training programmes among dental students and faculty on managing HIV/AIDS patients.
2. Development of Institutional HIV/AIDS management policy
3. Setting up of a special clinic in the institution for HIV/AIDS management.

In this regard, we would like to have your continued support and cooperation.

We extend our sincere gratitude to the Red ribbon club of Karnataka state AIDS Prevention Society for giving us immense support in making this venture a success. We are grateful to the organizers, Principal, Trust and Institution for their support and look forward to many more such initiatives in the future.

"AIDS - Cognizance"

Dept. of Public Health Dentistry, DAPMRV Dental College
in association with
Red Ribbon Club of Karnataka State AIDS Prevention Society
Organizes e-Poster Competition

on

HIV/AIDS PREVENTION PROGRAMME

ABOUT THE PROGRAM:

- In the context HIV prevention program in the country, mobilizing and organizing youth focused to prevent them from HIV infection is the need for the hour. 35% of the total HIV infections in the country are reported among the youth.
- To harness the potential of health professionals *as peer educators/agents of change* to spread right messages on health seeking behaviour and healthy living. They will also aim towards developing their skills on leadership, advocacy, communication and team building. Red Ribbon Club of Karnataka State AIDS Prevention Society and Dept. of Public Health Dentistry, DAPMRVDC join hands insensitizing the audience towards *AIDS Prevention program and measures*.
- With this background, we are organising a poster competition on **HIV/AIDS Prevention Program on 31-03-2014 [Friday]**.

DETAILS OF THE PROGRAM:

E Poster-Competition to educate general public on

Topic:

1. Creating an AIDS free generation
 2. Stigma Hurts, Lets show sympathy for AIDS
 3. Strategies for addressing AIDS diagnosed patients
- Venue: Mini Auditorium, DAPMRV Dental College
 - Time: 10.00am
 - Eligible participants : Students, Interns, PGs, Faculty of RV Dental College

GUIDELINES FOR e - POSTER PRESENTATION

- The e poster should be original in nature. Plagiarism will result in automatic disqualification.
- E Poster Size: 3 ft by 4ft
- All e posters should be in JPEG Format only.
- E Poster should be suitable for using to educate the target population.
- All e posters should have a header that incorporates college name and logo, department name and logo, and footer having the name of authors, co-authors, year of study, name of guide. Sample template provided.
- Any number of participants can team up together to design the poster. I person will present the e poster.

Public Health Dentistry

Feedback from UG student

It was a good camp, well organised and well conducted. It was a good learning experience.

[Signature]
Joseph

Feedback from PG student

- It was a well organised camp.
- children & teachers were very co-operative.
- micromotor burs are not working properly.
- There is a need for Aivator set up machine.
- chair in the bus needs to be fixed.

— Dr. Dimple

Feedback from faculty

to Teachers of Govt. higher primary school were ~~very~~ enthusiastic in organizing the camp.

Any other detail which needs to be added:

Dental chair in the bus need to be repaired especially the back rest
Request for portable airdor unit.

Feedback from UG student

- It was a nice camp & well organised.
- Curtains are required as its getting hot nowadays.
- Anahol will be more comfortable instead of micromotor handpiece.
- Nice food.

Feedback from PG student

—

Feedback from faculty

It was a well organized camp. The organizers were very co-operative in arranging all the required material at the camp site.

Any other detail which needs to be added:

- Require for a airator unit & a portable generator - As there was power cut & the bus was parked almost 1/2 km from the camp site

Feedback from UG student

It was a wonderful experience to be able to help and treat the specially abled children. The camp was organized well. It would be easier for us to work with a portable arotor unit.

Feedback from PG student

- Very good experience.
- well organized camp.
- Different skill sets are required to treat special children. This camp helped me to learn them.

Feedback from faculty

- Well organized
- children are cooperative.

Any other detail which needs to be added:

① Kindly arrange portable arotor Unit.

Feedback from UG student

Camps have always been a fun experience. ~~The~~ Patients were less yesterday but it was a great experience to work together and conduct a camp in the rural areas. This was definitely made easier by the mobile dental clinic which provided all the amenities required.

Feedback from PG student

Patient inflow was less as compared to other days. ^{And} to be a part of team.

Feedback from faculty

The camp was conducted because of the immense pressure I had to put on Mr. Prakash. The dasara vacation for school children is still on & he was finding it very difficult to organize the camp.

Any other detail which needs to be noted

Dr. Pegah has bunked the camp without providing replacement.

③
17/5/17

Feedback from UG student

This is comparatively a very good experience with other camps. Really nice experience in educating and treating 10th standard students who can really understand whatever we say. Water facility in the bus should be taken care off.

Feedback from PG student

Dr. Vishakha.

It was a very good experience. I got to learn the patient management skills, and time management skills. There is a need for an ariator for the camp.

Feedback from faculty

→ The organizers were very helpful in smooth functioning of camp. The staff & students provided a feedback of conducting similar camps at other Govt. schools in that area & also told that they would send request for similar camps from Gov school as well.

Any other detail which needs to be added:

- Need for more scales units and X-ray kit (portable)
- Dental chair in the bus is not functional.
- Couldnot use bus as there was no water in the overhead tank

28.3.2019

To,
The District Program Officer,
District AIDS Prevention and Control Unit,
Bangalore.

Respected Sir / Madam,

Ref: Red Ribbon Club Activity No. DAPCU/ BNGU / 211 / 2018-2019

This is in continuation with our pervious communication Red Ribbon Club Activity No. DAPCU / BNGU / 211 / 2018-2019 We are here by submitting the report for the fourth year of Red Ribbon Club Activity in the Dept. of Public Health Dentistry, DAPM RV Dental College.

1. Red Ribbon Club Awareness Programme 2011
2. 'AIDS Concentia' 2014 – poster Competition.
3. 'AIDS Cognizance' 2017 – e poster Competition.
4. 'Oral Health & AIDS Awareness Campaign. ' SAY Ahh ACT ON MOUTH HEALTH' –'Improving Oral Health of HIV/AIDS Patient.' 2019 - Collage Competition.

The program received an overwhelming response and participation from the dental institution. Details of the program are attached.

1. Program Details
2. List of Judges & participants
3. Photograph
4. Budget.

As an outcome of the discussion during the programme there was an expressed need to have training programs for both faculty and students regarding managing the HIV /AIDS patients.

In this regard, we would like to have your continuous support and coordination.

We extend our sincere gratitude to Red Ribbon Club of Karnataka state AIDS prevention society for giving supporting us in making this program a success. We acknowledge the principal, Trust and Institution for their immense support and looking forward to many more such initiatives in future.

D. A. P. M. R. V. DENTAL COLLEGE
Public Health Dentistry

Thanking you,

Yours sincerely

Dr. Harikiran AG
Professor and Head
Dept. of Public Health Dentistry,
Coordinator Red Ribbon Club Activities DAPMRVDC,

Report of ORAL HEALTH & AIDS Awareness Campaign, Collage Competition on the occasion of World Oral Health Day

Organized by : Dept. of Public Health Dentistry, D A P M R V Dental College & Hospital, Bangalore

Partners: IDA Bangalore Branch, District AIDS Prevention and Control Unit, Karnataka State AIDS Prevention Society & NSS unit DAPMRVDC

Theme: ' SAY Ahh ACT ON MOUTH HEALTH' --'Improving Oral Health of HIV/AIDS Patient'

ABOUT THE PROGRAM:

- In the context of world oral health day focus is on prevention and improving oral health of the general public, it is important to reach to the neglected oral health of HIV/AIDS patient .20% of the HIV/ AIDS manifestation first appear in the oral cavity than in other parts of the body. Hence Improving the oral health of the HIV/AIDS patients in the need of the hour.
- Health professionals are *agents of change* for health seeking behaviour and healthy life style. This program aim at exploring the artistic skills in delivering health related information. Red Ribbon Club of Karnataka State AIDS Prevention Society, IDA Bangalore and Dept. of Public Health Dentistry, DAPMRVDC have joined hands to *sensitize* the audience towards improving the oral health of HIV/ AIDS patients.
- With this background, we are organising a Collage competition on 20-03-2019 [Wednesday].

DETAILS OF THE PROGRAM:

Collage Competition on the occasion of World Oral Health Day

Theme : ' SAY Ahh ACT ON MOUTH HEALTH' --'Improving Oral Health of HIV/AIDS Patient'

Topics:

1. Suggested directions and perspective of improving oral & General health in HIV/ AIDS patients
2. Challenges in improving the oral health of HIV/ AIDS patients
3. Treatment protocols in improving oral health of HIV/ AIDS patients
4. Any other topic on oral health of HIV/ AIDS patients

Date: 20.3.2019, Wednesday

Time : 1pm – 3: 30pm

Feedback from UG student

It was a nice camp, the only difficulty we faced was power cut. Because of that we couldn't do restorative treatments and Scaling (Ultrasonic) much. - Dr. Namatha Charly.

Feedback from PG student

- Well organised camp.
- Electricity issue → could not do restorative & Ultrasonic Scaling.
- Last time same issue was there with this place.
- Proper work setting can be established. - Dr. Dipika

Feedback from faculty

- Well organised

Feedback from UG student *Dr. Shreya Saneer*

The camp conducted in Chennahalli was a great experience for me as I've learned time management by treating so many patients in a single day. In total, I had a fun working time with my fellow batchmates, PG students and staffs.

Feedback from PG student *Dr. Vishakha*

- It was a good learning experience. The camp was organised for the school children of Chennahalli govt. school. I learned patient management skill and time management skill. Looking forward to more such camps.

Respected Sir,
Sub: Interns Mr. Samrudh and Mr. Salman's posting

This is to bring to your kind notice that the following interns were posted in the Department of Oral Pathology / Sevakshetra hospital from 26th April 2019 to 10th May 2019. Their attendance during the posting is as follows:

1. Mr. Samrudh A.P: attended 8/15 days
2. Mr. Salman A.S.: attended 10/15 days

They were absent without any prior information to the department, hence causing inconvenience in the department and the Dental wing of Sevakshetra Hospital, This is for your kind information. Please do the needful.

Regards

13.6.2019

Respected Sir,

Ref: World No Tobacco Day 31st May 2019 (Friday) Program Report.

As per the RGUHS notification F.No.P-24 -1/ NSS/DIR/2017/1202 - 1218 dated 29th May 2019. We are here by submitting the report of the World No Tobacco day activity jointly conducted on 30th and 31st of May 2019 by the Dept. of Public Health Dentistry, Dept. of Oral Medicine and Radiology, Dept. of Oral pathology, NSS unit of DAPM RV Dental College in association with IDA Bangalore branch, RGUHS and Indian Association of Oral and Maxillofacial Pathologist .

The following program were conducted.

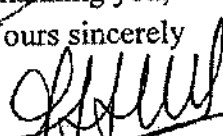

1. College Competition
2. Talk on Tobacco
3. Pledge Ceremony

All the programs received an overwhelming response and participation from the students and faculty of the dental institution. Details of the program are attached as annexure.

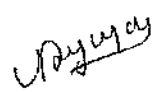

1. Program Poster (**Annexure 1**)
2. Program Report (3 Pages: Program Summary, Participants & Prize winners, Talk on Tobacco & Pledge Ceremony) (**Annexure 2**)
3. Photographs (**Annexure 3**)
4. CD containing the Video coverage of Pledge ceremony

As an outcome of the discussion during the programme there was an expressed need to conduct tobacco cessation workshop to train the faculty and post graduate students. All the department heads were requested to redirect the patients with tobacco habit to the tobacco cessation clinic in Dept. of Oral Medicine & Dept. of Public Health Dentistry-

Thanking you,
Yours sincerely

Dr. Manikiran AG
Professor and Head
Dept. of Public Health Dentistry,
CDH, IDA Bangalore branch,
NSS Program officer

ANNEXURE - 2

Report of World No Tobacco Day Celebration

Partners: Dept. Of Public Health Dentistry, Dept. Of Oral Medicine and Radiology, Dept. Of Oral Pathology, IDA Bangalore Branch, Indian association of Oral Pathologist & NSS Unit DAPMRVDC.

As per Dental Council of India Recommendation

BACKGROUND OF THE PROGRAM:

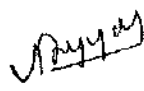

- According to WHO, tobacco use kills more than 7 million people around the world each year, and that number is predicted to grow unless anti-tobacco actions are increased. The World No Tobacco day focus is on to create tobacco free environment by helping people to quit tobacco, Enforcement of comprehensive bans on tobacco advertising, promotion, and sponsorship etc. For all these changes to occur there should be effective anti tobacco campaigns that will educate the public about the harms of tobacco use and secondhand smoke exposure.

ABOUT OF THE PROGRAM:

- Health professionals are *agents of change* for health seeking behaviour and healthy life style. We had organized 2 programs along with Oath taking ceremony.
 1. **Collage Competition:** This program was organized on Thursday 30-05-2019 with a aim of exploring the artistic skills of health care professionals in delivering health related information to motivate audience to refrain them self from tobacco. (Details of the program and Photographs attached as annexure)
 2. **Talk: ' Tobacco A Sinister Devil'** by Dr. B. V. Subhash, MDS PhD, Reader, Dept. of Oral Medicine and Radiology , DAPM RVDC on Friday 31-05-2019. (Details of the program and Photographs attached as annexure).
 3. **Pledge Ceremony** on Friday 31-05-2019 at Mini Auditorium, DAPMRVDC

To,
The Registrar,
RGUHS.

13.6.2019

Respected Sir,

Ref: World No Tobacco Day 31st May 2019 (Friday) Program Report.

As per the RGUHS notification F.No.P-24 -1/ NSS/DIR/2017/1202 - 1218 dated 29th May 2019. We are here by submitting the report of the World No Tobacco day activity jointly conducted on 30th and 31st of May 2019 by the Dept. of Public Health Dentistry, Dept. of Oral Medicine and Radiology, Dept. of Oral pathology, NSS unit of DAPM RV Dental College in association with IDA Bangalore branch, RGUHS and Indian Association of Oral and Maxillofacial Pathologist .

The following program were conducted.

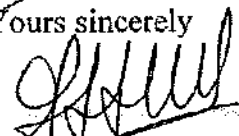

1. College Competition
2. Talk on Tobacco
3. Pledge Ceremony

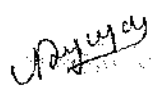

All the programs received an overwhelming response and participation from the students and faculty of the dental institution. Details of the program are attached as annexure.

1. Program Poster (**Annexure 1**)
2. Program Report (3 Pages: Program Summary, Participants & Prize winners, Talk on Tobacco & Pledge Ceremony) (**Annexure 2**)
3. Photographs (**Annexure 3**)
4. CD containing the Video coverage of Pledge ceremony

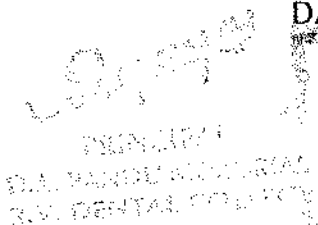

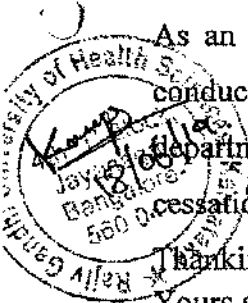

As an outcome of the discussion during the programme there was an expressed need to conduct tobacco cessation workshop to train the faculty and post graduate students. All the department heads were requested to redirect the patients with tobacco habit to the tobacco cessation clinic in Dept. of Oral Medicine & Dept. of Public Health Dentistry-

Thanking you,
Yours sincerely

Dr. Manikiran AG
Professor and Head
Dept. of Public Health Dentistry,
CDH, IDA Bangalore branch,
NSS Program officer

ANNEXURE - 2

Report of World No Tobacco Day Celebration

Partners: Dept. Of Public Health Dentistry, Dept. Of Oral Medicine and Radiology, Dept. Of Oral Pathology, IDA Bangalore Branch, Indian association of Oral Pathologist & NSS Unit DAPMRVDC.

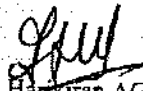

As per Dental Council of India Recommendation

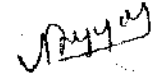

BACK GROUND OF THE PROGRAM:

- According to WHO, tobacco use kills more than 7 million people around the world each year, and that number is predicted to grow unless anti-tobacco actions are increased. The World No Tobacco day focus is on to create tobacco free environment by helping people to quit tobacco, Enforcement of comprehensive bans on tobacco advertising, promotion, and sponsorship etc. For all these changes to occur there should be effective anti tobacco campaigns that will educate the public about the harms of tobacco use and secondhand smoke exposure.

ABOUT OF THE PROGRAM:

- Health professionals are *agents of change* for health seeking behaviour and healthy life style. We had organized 2 programs along with Oath taking ceremony.
 1. **Collage Competition:** This program was organized on Thursday 30-05-2019 with a aim of exploring the artistic skills of health care professionals in delivering health related information to motivate audience to refrain them self from tobacco. (Details of the program and Photographs attached as annexure)
 2. **Talk: 'Tobacco A Sinister Devil'** by Dr. B. V. Subhash, MDS PhD, Reader, Dept. of Oral Medicine and Radiology , DAPM RVDC on Friday 31-05-2019. (Details of the program and Photographs attached as annexure).
 3. **Pledge Ceremony** on Friday 31-05-2019 at Mini Auditorium, DAPMRVDC

Feedback from UG student

It was a well organised Camp.
I'm glad to be a part of this camp.

- Dr. Reshna

Feedback from PG student

- Well organised camp.
- The organising team showed immense gratitude by their help.
- Manpower was less, may be treatment can be done in follow up / up coming camp.

- Dr. Dimple

Feedback from UG student

- Working with microscope is bit difficult.
- Overall the camp was good with properly organised and manageable patients.

Feedback from PG student

Dr. Vishakha

- It was a good learning experience. It was a multi-speciality camp. I got to know about management skills in terms of limited space availability and limited time looking forward to more such experiences.

Feedback from faculty

- Camp was well organized. However the food was served very late ~~and~~ as the lunch was not preplanned.

Any other detail which needs to be added:

NSS WORKSHOP ON PLEDGE FOR LIFE- TOBACCO FREE YOUTH CAMPAIGN

This was conducted at RGUHS Bangalore, Dhanavantri auditorium on 27th august ,which was attended by Dr.Sheshanag and Dr.Shivani (interns batch 2019).

The entry registration was done on google forms .The programme started at 11:45 am with inauguration Dr.B.Vasanth Shetty and the chair persons were Dr.Sachidananda ,vice chancellor RGUHS; Dr.Shetty surgeon oncologist presently working at Narayan Hrudayalaya and Mr.Sanjay Seth

After inauguration Dr.Shetty presented three of his patients who have undergone laryngectomy and are under treatment for head and neck cancer due to the usage of tobacco . Later on he addressed the ill effects of tobacco usage . The patients and the family members were made to speak about the sufferings and their perspective of the struggle.

Later on the program was taken on by Mr.Sanjay Seth who spoke about the tobacco usage prevalence its ill effects and carried on the session for interaction.

The interaction between the speaker and the audiences went on in an interesting way for about an one and half hour. Interaction was based on how to stop the usage of tobacco, how to encourage tobacco users to stop, about the economical aspects etc. The audiences debated very well they were very interactive.

The audiences included one program officer and two student volunteer from each college. There were representatives from various backgrounds such as medical,dental,nursing,pharmacy,ayush and nss .

Lunch break was given from 1:30-2:00

Post lunch there was an overview about the activities conducted by Sambhand health foundation in coordination with NSS .the audience were asked to follow a page called 'pledgeforlife' on all the social media platforms and were also added to a whatsapp group. Later on a link was sent to the audience who got registered as program officers at the beginning. Through their mobile they could register and sign into their website and were informed to add their volunteers under the names social media leader and tobacco control leader for a period of one year. Who had to continuously do activities and report it on their website which had a scoring and point system for encouragement.

The following session from 2-3:15 pm was on audience getting registered and adding their volunteers to the website.

Due to us being two volunteers attending the program above mentioned registration could not be done. At 3:15 the session ended and we were asked to leave our details with the in charge person for the certificates that would be sent online in few days.

The main aim of the workshop was to register the program officers into their website for further follow up.

Points System for Anti-Tobacco Activities

1945

Sn	Category	Activity	Remark	Points per Volunteer	Limit
1	Awareness	NSS Unit takes pledge	Unit volunteers take pledge themselves	1 point per volunteer	First time a volunteer takes pledge
2	Awareness	Pledge inside	Pledge given inside own college campus	@ 0.01 per student sensitized subject to minimum 0.5 points per activity	Maximum 5 volunteers per activity
3	Awareness	Pledge outside	Pledge given outside college campus	@ 0.03 per student sensitized subject to minimum 0.5 points per activity	Maximum 5 volunteers per activity
4	Awareness	Street play	First performance	3 points	
			Every subsequent performance of same play	1 point	
5	Awareness	Poster/Wall magazine in your college	Setting up and run for at least 1 day	3 points	Maximum 5 volunteers per activity
6	Awareness	Rally	Volunteers who organised rally	3 points	Max 10 volunteers per activity
			Other volunteers who participated in the rally	1 Point	
7	Survey	Survey-students	Conduct in classrooms to students	2 points per survey (of minimum 10 persons)	Maximum 3 volunteers per survey sheet
8	Survey	Survey-community	Conduct in community	1 point per survey (of minimum 10 persons)	Maximum 2 volunteer per survey sheet

IV AWARDS - Individual

1	Tobacco Control Leader	Orange badge and appointment letter
2	Social Media Leader	Green badge and appointment letter
3	Volunteers who get 4 points	Blue Badge - Tobacco Control Warrior
4	Volunteers who get 10 points	Brown badge - Tobacco Control Champion
5	Volunteers who get 30 points	Certificate of Merit signed by NSS Program Coordinator & Sambandh
IV AWARDS - NSS Unit		
Total of volunteer points = Unit Points		
PO, TCL & SML do not earn points for an activity. PO/TCL/SML points = Unit points		
1	Unit earns 300 points	PO, TCL and SML get leadership certificates and College gets a "Silver" memento
2	Unit earns 500 points	PO, TCL and SML get leadership certificates and College gets a "Gold" memento

Notes:

Administration of the Scheme

1	All Activities to be certified by PO. Activity Report should be sent to us by email (to pleg4life.mh3@gmail.com or WhatsApp to your Group from PO's email id or phone.)
2	All badges & certificates will be sent to PO, who should give awards to winning Volunteers in appropriate ceremony
3	Points will be given for academic year. All points will be reset on 30th June 2020.

Feedback from UG student

Amazing experience. It was nice to treat such cooperative kids & the camp was well organized. Hope to get more of such opportunities in the future.

Feedback from PG student Dr. Vishakha

- A very well organized camp in the government school in Jattipalya. Looking forward to more such camps and the opportunity to learn patient management skills.

Feedback from faculty

1. Camp was organized well, the teachers of the school were very co-operative.
2. Required restorator for restoration.

Any other detail which needs to be added:

1. Medium sized and small size foam trays required.
2. Junction box required.

Feedback from UG student
<p>Amazing experience. It was nice to treat such cooperative kids & the camp was well organized. Hope to get more of such opportunities in the future.</p>
Feedback from PG student <i>Dr. Vishakha</i>
<p>- A very well organized camp in the government school in Jattipalya. Looking forward to more such camps and the opportunity to learn patient management skills.</p>
Feedback from faculty
<ol style="list-style-type: none"> 1. Camp was organized well, the teachers of the school were very co-operative. 2. Required xistot for restoration.
Any other detail which needs to be added:
<ol style="list-style-type: none"> 1. Medium sized and small size foam trays required. 2. Junction box required.

Public Health Dentistry

Feedback from UG student	Dr. Rashmi S
- It was a good experience to work here. But the staffs would have been more co-operative. children were well behaved & cooperative for the treatment.	
Feedback from PG student	Dr. Vishakha.
- It is a well organized camp in the govt. primary middle school in rajankunte. I got the opportunity to learn the patient management skills and the main burden of disease was caries. we stressed on the preventive aspect looking forward to more such camps.	
Feedback from faculty	
The camp was well organized. The local organizers - Peoples Trust Sriramanahalli are showing a gradual decline in their enthusiasm and participation in organizing camps on a regular basis. ^{over the last 2 years} In this background, if planned action is not taken up, the program will further decline.

Public Health Dentistry

Feedback from UG student

It was a well organized camp. The school students were pretty cooperative. Fluoride varnish, ^{dec} pit and fissure sealants were done. and ~~also~~ dental caries were also restored and followed with post oral hygiene instructions were given. It was really a good experience for us. Looking forward for more camps.

Feedback from PG student

P. Vishakh.

- It was a well organized camp. Screening was done for the children aged betⁿ 4-6 yrs. The oral hygiene was fair. Majority of the disease burden was dental caries followed by deep pit & fissures. Learned patient management skills. Looking forward to more camps.

Feedback from faculty

Well organized camp.

Any other detail which needs to be added:

It was extremely useful to our school as the awareness of oral hygiene is missing deplorably among the children as well as the parents. Thanks for the camp. *Rita*

Public Health Dentistry

Feedback from UG student

- It was a very educating and fun experience. The school faculty were very helpful.

Feedback from PG student

• It was a well organized camp, ^{very} good to interact with the school authorities.

Feedback from faculty

Well organized camp. Admin office of the school was very helpful by arranging the things required prior.

Any other detail which needs to be added:

- Aerator water connection in the chair not working
- operator stool not function
- chair light connection loose.

SATELLITE POSTING

Sl. No	Name	Department & Date	Interns sign
7.	Dr. Akshay MS	KSRTC	<i>Akshay MS</i>

Note:

- Since the No. of satellite postings have been reduced, interns posted in PHD may be posted to different clinical departments.
- The interns posted to other departments from Dept. of Public Health Dentistry are instructed to attend the camps compulsorily when posted and any other Dept. work.
- At the end of the posting all interns should submit attendance format counter signed by corresponding posting's HOD, to the Dept. of Public Health Dentistry.
- Interns willing to work in other clinical departments of their choice during their posting in the Dept. of Public Health Dentistry should complete their Journal article presentation PPT and get it approved by their guide. They can do the presentation on the days assigned to them. Along with the above mentioned requirement interns should complete 8 comprehensive cases in the Dept.
- Interns posted to KSRTC should collect the following documents before attending the posting. (a). Guidelines to autoclave, (b). List of instruments at the center, (c). Details of OP entry at the center.
- Interns posted at KSRTC satellite center should submit their attendance at the end of their posting to the Dept.

Public Health Dentistry

Feedback from UG student	Dr Aditya Keshav
<p>- It was my first camp from the department. I thoroughly enjoyed it. Interacting with the kids was an eye opener.</p> <p>- It also sensitised me as to how the dental hygiene status of kids is often ignored.</p>	
Feedback from PG student	Dr. Vishakha
<p>- It was a good learning experience. We screened the age group of 8-12 years of school children. The oral hygiene was poor and the main burden of oral disease was deep dental caries hence patient management skills. Looking forward to more such camps.</p>	
Feedback from faculty	well organized camp. Hard working students.
Any other detail which needs to be added:

D.A.P.M. R.V. DENTAL COLLEGE

Public Health Dentistry

Feedback from UG student

The camp was a excellent experience to learn, both treatment modalities & life lessons. It was fun filled and I enjoyed every aspect of the camp. Kudos to the organisers for having everything set.

Feedback from PG student

It was a second orientation camp for us, which was a totally different experience from the previous one, as in this camp everything was systematically organized. The organisers helped everyone in the best possible way to make us feel comfortable. Children we treated were also cooperative. Through this camp we learnt patient & time management skills, monitoring & supervision, leadership skills, volunteering etc. Overall a good learning experience.

Feedback from faculty

- ① The camp was well organized.
- ② The NGO team genuinely has the interests of the children at heart
- ③ They are a good team to have long term collaboration with
- ④ The students had good exposure to poverty stricken, and remote areas where people are bereft of services of any kind.

Feedback from organizers :-

we are very thankful to RVIDental College team who joined us in H.H. H.H. to conduct dental camp on Dec 28/29th, 2019. They worked diligently in a hard environment, were very helpful with their dental team, and conducted their work with expertise and knowledge. They conducted themselves with professionalism. We are very happy that they joined us for the trip. Hope they will do so in future as well.

Thank you,

Radhika

Feedback from UG student

→ Need of UG students → Save time

we had a wonderful experience in the camp. The kids were responsive to the health education given to them. It was found that not much of dental caries was prevalent among the kids showing that they maintain their oral hygiene really well. We would love to go on more camps like these.

Feedback from PG student

Dr. Vishakha.

- It was a well organized camp. We screened the age group of 12-15 years of school children and the oral hygiene was found to be fair. I got opportunity to learn patient management skills. Looking forward to more such camps.

Feedback from faculty

Organizers were well co-operative and the additional manpower assisted in smooth conduction of the camp.

Public Health Dentistry

Feedback from UG student

It was a very nice experience, working with a team to provide treatment to all the people who came to the camp. It was educative and a well organised camp.

Feedback from PG student

• Was a well organised camp. The children we screened were very young but quite cooperative, got a chance to learn patient management skills.

Feedback from faculty

- All 3 scalers are functional
- In both the dental chairs in MDV, water supply through the DWL is impaired & is non-functional
- PG's & interns have to be trained in Prescription writing.

Public Health Dentistry

Feedback from UG student

It was a very nice experience, working with a team to provide treatment to all the people who came to the camp. It was educative and a well organised camp.

Feedback from PG student

• Was a well organised camp. The children we screened were very young but quite cooperative, got a chance to learn patient management skills.

Feedback from faculty

- All 3 scalars are functional
- In both the dental chairs in MDV, water supply through the DWL is impaired & is non-functional
- PG's & interns have to be trained in Prescription writing.

Feedback from UG student

- School children were very co-operative and curious to maintain their Oral hygiene. Felt happy to help them with basic treatments.

Feedback from PG student

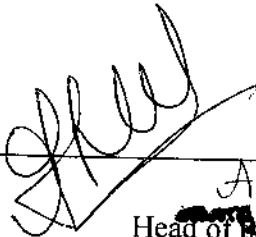

- It was a well organised camp. The children were quite cooperative. Felt nice to be a part of team.

Feedback from faculty

The camp was well organized. RVIM team are consciously working on their CSR activities. All components of camp are functioning as per requirements.

Feedback from UG student
Camp was very interactive with more time given for each patient; it was very interactive and overall a very illuminating experience.
Feedback from PG student
It was a well organised camp, though the patient inflow was less as compared to previous camp. GOC to see many grossly carious teeth and enamel-fluorosis cases.
Feedback from faculty
Well organized camp.

2009

Feedback from UG student

There was not proper organization of conducting the camp and no prior arrangements were made. There was no provision of parking the dental van near to school.

Feedback from PG student

The place of camp was very very far, also there is no provision for parking of dental van as well as no electricity. Next time, please take into account all these considerations.

Feedback from faculty

Dr. Vinodhini

- The organizers of the camp took to where there was no access to school. There was a lot of time waste due to the organizers finalizing b/w the two school. The school where camp was conducted ~~the~~ we had to go and do all physical arrangements. It seemed like school authorities were also not informed. It would be nice if the organizers give the school ~~the~~ requirements all together ~~there~~.

Any other detail which needs to be added: of the badly organized camp
