NSS Special & Regular Camps- Report 2018-2019

The following is a summary of NSS Regular Camp activities conducted from our institution during the year 2018-2019

NSS Activities conducted:

- 1. NSS Regular activities:** The Department of Public Health Dentistry has conducted **45 Dental Outreach Programs** In & around Bangalore city and **11,298 patients** have been provided health education, dental care and referral services during the period April 2018 to March 2019. In these camps, Oral health education & brushing technique demonstration, Dental Screening & treatment was provided. Patients who required multiple dental treatment and specialty care were referred to our institution. Teachers training, Counseling services were provided to surrounding schools and villages.
- 2. Oral Health Education through edutainment:** Through the NSS Undergraduate research initiative, we have developed two novel games to educate children about oral health. The games are being pilot tested and children enjoyed learning while playing.
- 3. AIDS Awareness program:** In association with the Red Ribbon Club, a collage competition was organized to bring about awareness on the need for universal safety precautions while handling patients. We had 10 teams participating in the event.
- 4. Oral health care for children with disability:** 2 camps were organized to assess and provide oral health services to children with varying levels of disability at Shradhanjali Integrated School. A total of 90 children benefitted from the program. The caregivers were taught how to address the oral hygiene needs of the children.
- 5. Drug awareness rally:** Total 12 students actively participated in a drug awareness rally on 10th November, 2018. The rally was conducted by Bangalore police and M-square network with an aim to increase awareness amongst the youth regarding the ill-effects of drugs and promote de-addiction.
- 6. UG Research Synopsis presentation:** To inculcate the research mindset amongst undergraduate students, the Department of Public Health Dentistry, in association with NSS Unit has been actively promoting research projects among undergraduate students. In February 2019, the students presented the synopsis of their proposed research project to audience involving faculty and students.

7. Trisector collaborating partners:

The NSS activities have been a result of a collaborative effort between, primarily the NSS Unit of Rajiv Gandhi University of Health Sciences and D.A.P.M.R.V Dental College and
