Minutes of the meeting:

A meeting was conducted with the above mentioned students regarding the problems if faced in the college campus which includes various Departments in both ⁱⁿ clinics & theory. The students felt that one department they faced problems was related to quota completion. The students were not aware of the number of patients to be completed therefore they were unable to concentrate and did not find sufficient time to study. They suggested that, quota ~~the feedback given~~ should have been specified at the very beginning rather than towards the end of their posting, again the same Department did not have enough patients to complete the quota.

Minutes of the meeting:

The mentor met the final years students under his care just before the start of final internal assessment exams -

The students expressed their concern, about completion of quotas in the clinical postings.

They felt; there was paucity of time for quota completion and this was hindering their preparations for ~~the~~ university final exams -

The mentor could empathize with the students and suggested remedial measures like cutting down the time spent on recreational and social activities which could ~~substantially~~ lead to substantial increase in ~~the~~ time spent for reading -

The students were asked to report back if they face any problems with their studies.
