## 7 a. Special equipments procure:

**Brief description of t-scan novus:** The **T-Scan System** is an occlusal analysis system designed to measure and record relative biting forces over time. The **T-Scan System** comes with an *Evolution Handle* with USB connector, **T-Scan** sensors (40 small and 40 large), **T-Scan** sensor supports (2 small and 2 large) and **T-Scan 10** software.

**T-Scan™ Novus™ Handpiece** plugs into any USB port to capture and transfer data from the T-Scan sensor to the user interface.

- Record and review scans using only the handpiece for increased chairside efficiency.
- Standard rate of capturing data up to 500Hz (in Turbo Mode), creating a high resolution, accurate representation of the occlusion.
- An optional handpiece holder offers clinician's easier access in their operatory or clinical space.

The **T-Scan™ Sensor** is designed to provide the high resolution and repeatable accuracy clinicians have learned to rely on for exceptional results.

- Wafer-thin, with the ability to withstand 15-25 closures
- High resolution Sensels™ for precise data
- Reusable on a single patient
- Cold sterilize between visits

**T-Scan™ v10:** New and improved features in T-Scan™ v10 software make it easy for clinicians to analyze and treat occlusion while simultaneously increasing efficiency and revenue for their practice. This latest release is Windows 8, 9, and 10 compatible and features an improved user interface, faster performance, real-time hardware installation, the ability to generate dynamic patient reports, export scans into MP4 movie files, and more:

**Brief description of Prime scan:** The scanner impresses clinicians and lab technicians with extremely high performance. While easy to use, the scanner provides you with the flexibility to define your individual workflows. As the laptop is included, you can start scanning right away

- **Speed:** Primescan Connect completes a full arch scan in less than 1 minute, which means more comfort for your patients .
- **Flexibility:** The laptop configuration requires little space and is easy to integrate into any workflow and practice set-up.
- **Connectivity:** As Primescan Connect is powered by DS Core, you can share intraoral scans together with other case files for seamless cooperation with lab partners and colleagues.

**Report for Inauguration of Digital Dentistry Centre – June 13<sup>th</sup> 2022**

The Department of Prosthodontics, DAPMRV Dental College, Bangalore inaugurated the Digital dentistry Centre on 13/06/22 with a ribbon cutting ceremony.

Mr Girish Kousagi, MD and CEO of CanFin Homes was invited as the chief guest for the ribbon cutting ceremony. He was accompanied by Mr Joishy, CFO, CanFin Homes Ltd.

Our Hon. Secretary Dr AVS Murthy, RSST, Mr Chandrashekar Raju, Chairman, Governing Council, DAPMRV Dental College, Mr. Syed Shahameer, Registrar, RSST were the guests of honour for the event.

All the HODs and Professors from DAPMRV Dental College were invited for the event.

MC for the event was Dr. Anuradha .V. Invocation Song was sung by Dr Shreenidhi, Postgraduate student from the Department of Pedodontics.

Welcome address was by Dr Asha R Iyengar, Principal, DAPMRV Dental College and the dignitaries were welcomed with a bouquet. This was followed by Lighting of the lamp by all the dignitaries on the dias.

Our Hon. Secretary Dr AVS Murthy addressed the gathering.

This was followed by a talk by Mr. Girish Kousagi from Canfin Homes regarding the CSR funding and the benefits of Primescan.

Vote of thanks was given by Dr. N Kalavathy, HOD ,Dept of Prosthodontics. All the dignitaries were presented with a memento by the department faculty Dr Mitha Shetty, Dr P Roshan Kumar, Dr Archana K Sanketh, Dr Anuradha V and Dr Netra Patil.

The dignitaries along with the HODs and Professors were invited for the ribbon cutting ceremony to inaugurate the digital dentistry centre open. This was followed by a demonstration of the Primescan by Dr P Roshan Kumar, Reader, Department of Prosthodontics and a demonstration of EXOCAD by Dr Revan Kumar Joshi, Lecturer, Department of Oral Medicine and Radiology.

Snacks and Coffee were organized to all the dignitaries, professors and faculty of Department of Prosthodontics and Oral Medicine and Radiology in the board room.

This program was a grand success because of the constant source of encouragement and support from the Principal, Dr Asha R Iyengar and the Head of the Department of Prosthodontics, Dr N Kalavathy. It was a team effort by the faculty, Pgs, interns, group D staff under the guidance of the Head of the Department of Prosthodontics, Dr N Kalavathy.

## Special equipments procure:

**DAPMRV DENTAL COLLEGE, BANGALORE**

**Department of Prosthodontics**

**Brief description of Equipments procured from July 2022 to June 2023**

### **3D printer**

3D printing technology in dentistry uses additive manufacturing to create various dental prostheses such as dentures, crowns, aligners, etc. in a minimum time frame. The 3D printer procured by the institution is from FormLabs, which is a 3D printing technology developer and manufacturer. This printer is based on stereolithography, which uses a light source- a laser or a projector to cure liquid resin into a hardened plastic

Date of Purchase: 26/4/2023

Make: Formlabs

Cost of equipment: Rs 7,16,260/-

### **Physiodispenser**

A physiodispenser is an equipment used during implant surgeries to prevent the bone from getting heated during the procedure. The physiodispenser has a feature of rotating without stopping even at a very low speed. The speed and water pressure can be adjusted based on the requirement. The Physiodispenser was procured from NSK.

Date of Purchase: 12/5/2023

Make: NSK

Cost of equipment: Rs 1,20,000/-

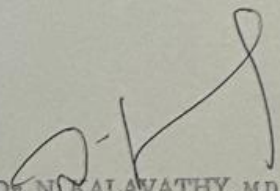

### Portable X ray unit

The Vatech EzRay Air (portable X ray unit) is a very useful and convenient unit to use. It is smaller than a fixed one. X rays with a portable unit can be taken without shifting the patient and its light weight and good results makes it a very useful equipment.

Date of Purchase: 27/4/2023

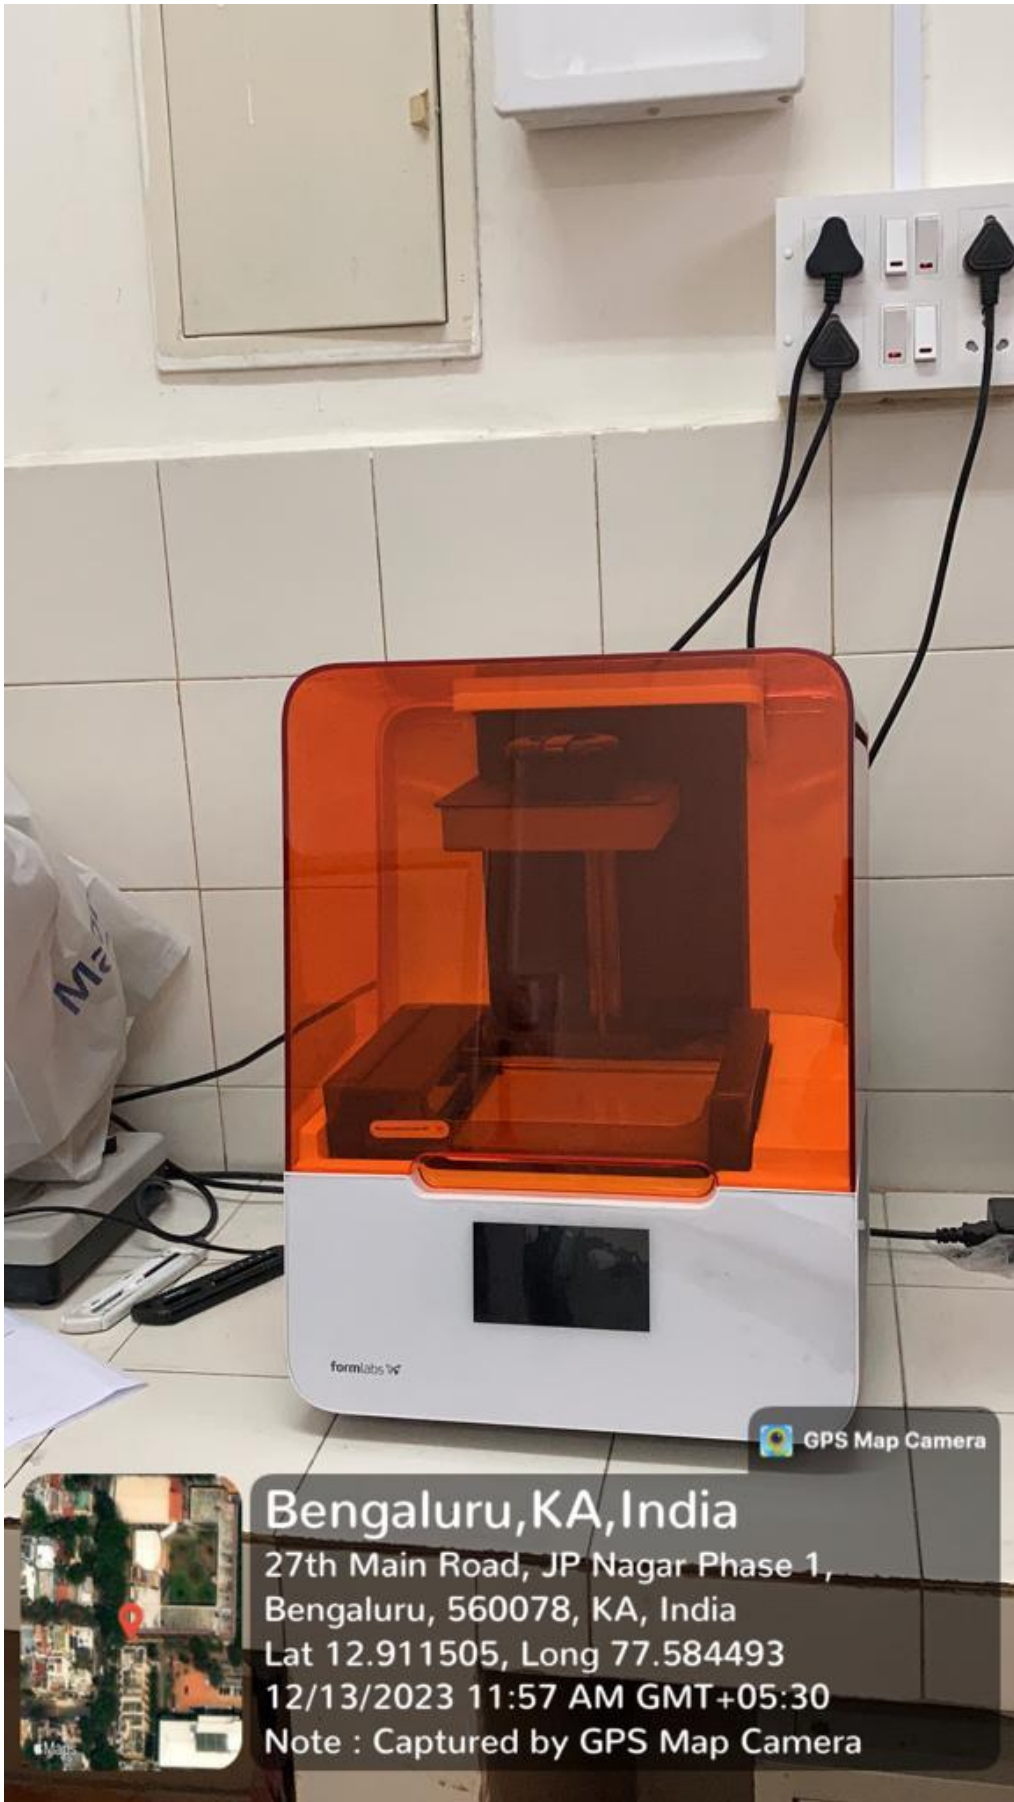

Make: Vatech ExRay air plus, GP & Co

Cost of equipment: Rs 1,55,000/-
