MEETING – Mentor Mentee Meeting

Mentor – Dr Subhash B V

Reader,

Department of Oral Medicine and Radiology, Bangalore

Meeting Details:

The second mentor-mentee meeting for the academic year 2022-2023 was held on 29/4/2023. The students were more relaxed and forthcoming in this meeting. The conversation started with mutual greeting and general chat. The students had the following suggestions:

① Students felt that the vacation period from 15-100 less when compared to other colleges. I made them understand the constraints faced by teachers and the problem of completing the portions as prescribed by the curriculum on time, if they have an extended vacation. It was also brought to their notice that other colleges have more working hours when compared to our institution and this makes us to consider extending their vacation a difficult task. The students seemed convinced with the reply.

② ~~Other~~ Students seemed to have noticed the improvement in the ~~quality~~ quality of hostel.

③ The meeting ended with an optimistic note of having a smooth sail in the final exams of students.

Reader ,

Department of Oral Medicine and Radiology, Bangalore

Meeting Details:

The second mentor-mentee meeting for the academic year 2022-2023 was held on 29/4/2023. The students were more relaxed and forthcoming in this meeting. The conversation started with mutual greeting and general chat. The students had the following suggestions:

- ① Students felt that the vacation period from 15-100 less when compared to other colleges. I made them understand the constraints faced by teachers and the problem of completing the portions as prescribed by the curriculum on time, if they have an extended vacation. It was also brought to their notice that other colleges have more working hours when compared to our institution and this makes us to consider extending their vacation a difficult task. The students seemed convinced with the reply.
- ② ~~Other~~ Students seemed to have noticed the improvement in food ~~quality~~ quality of hostel.
- ③ The meeting ended with an optimistic note of having a smooth sail in the final exams of students.
