Respected Sir,

Sub: Report on oral health screening camp for early detection of oral precancer and cancer at Gulbarga colony, Bengaluru on 29th August 2023

As discussed, I am glad to inform you about the oral health screening camp being conducted at Gulbarga colony, Bengaluru on 29th August 2023 from 10.00am to 1.00pm. During this program, our team could screen forty (40) individuals of Gulbarga colony for oral health and tobacco related oral lesions suggesting oral precancer and cancer. Out of 40, 17 were found to be associated with tobacco consumption; these individuals have been advised about ill effects of tobacco usage and were encouraged to slowly discontinue the habit. All the 40 screened individuals have been given necessary tips for adequate maintenance of oral health and also have been advised relevant treatment options for their oral ailments. Further, around 10 screened individuals have been referred to our hospital for their treatment.

Considering the availability of working population, an extended screening program has been scheduled on 30th August 2023 from 5.00pm to 6.30pm at the same place; An update on this will be provided.

Thanking you for your continued support.

Yours Sincerely

Respected Sir,

Sub: Report on oral health screening camp (Day 2) for early detection of oral precancer and cancer at Gulbarga colony, Bengaluru on 30th August 2023

Please be informed that the oral health screening camp was conducted at Gulbarga colony, Bengaluru on 30th August 2023 (Day 2) from 5.00pm to 7.00pm. During this program, our team could screen around 30 individuals of Gulbarga colony for oral health and tobacco related oral lesions suggesting oral precancer and cancer. Out of 30, 19 were found to be associated with tobacco consumption; these individuals have been advised about ill effects of tobacco usage and were encouraged to slowly discontinue the habit. All the 30 screened individuals have been given necessary tips for adequate maintenance of oral health and also have been advised relevant treatment options for their oral ailments. Further, around 12 screened individuals have been referred to our hospital for their treatment.

Please be informed that during 2 day camp (29th & 30th August 2023) at Gulbarga colony, a total of 70 individuals have been screened- out of which 36 were found to have some form of tobacco habit and more than 10 with obvious white and red lesions suggestive of oral precancer. Further, 22 camp participants have been referred to our hospital for various dental needs.

Also, please find few sample photos taken during camp for your perusal.

In addition, our team acknowledges the sponsorship of the products (Shy NM) provided by the Group Pharmaceuticals Pvt. Ltd towards this community outreach program.

Thanking you for your continued support.

Yours Sincerely

Respected Sir,

Sub: Update on community outreach program conducted at SVYASA campus,
Anekal Jigani on 5th June 2023

As discussed, I am glad to inform you about the oral health screening camp being conducted at SVYASA campus, Anekal Jigani on 5th June 2023 from 11.00am to 4.00pm. During this program, I could screen thirty three (33) individuals (staff, students and group D workers) of SVYASA for oral health and tobacco related lesions in the oral cavity pointing towards oral precancer and oral cancer. Out of 33, 12 were found to be associated with tobacco consumption; these individuals have been advised about ill effects of tobacco usage and were encouraged to slowly discontinue the habit. All the 33 screened individuals have been given necessary tips for adequate maintenance of oral health and also have been advised relevant treatment options for their oral ailments. Further, few individuals have been referred to our hospital for their treatment. I acknowledge the support extended by the concerned staff and students of SVYASA, Anekal Jigani in conducting this community outreach program.

Please find herewith attached few supporting documents and photographs for your kind perusal.

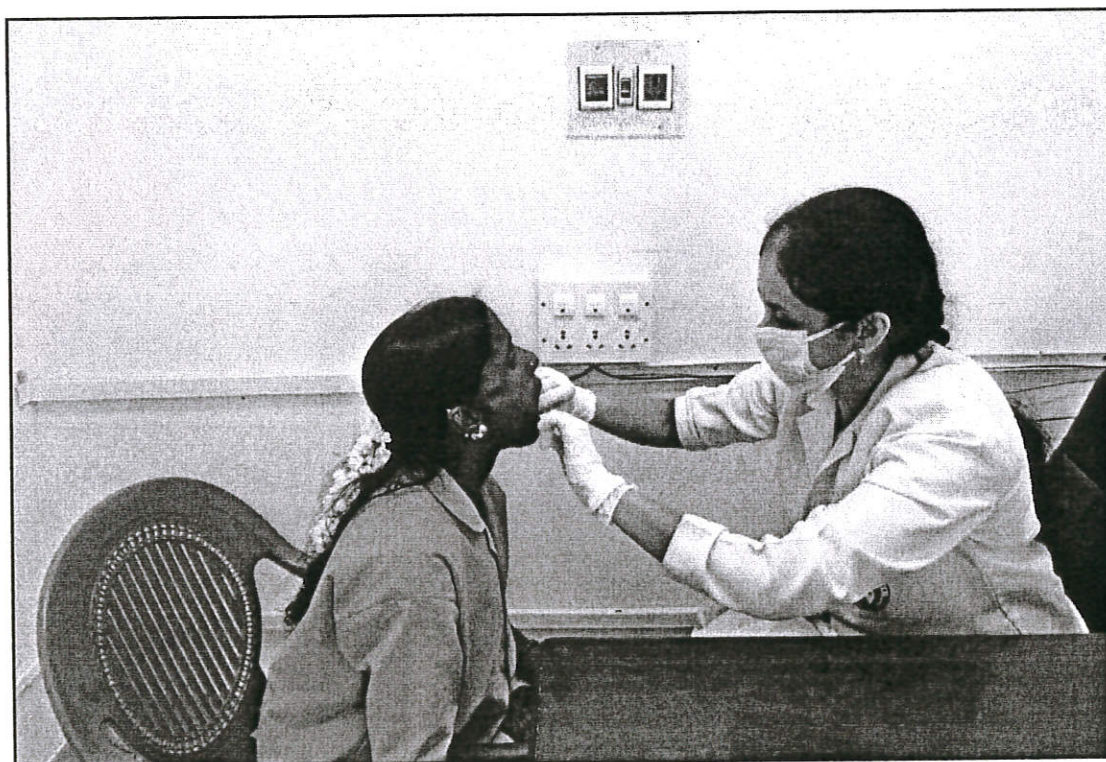

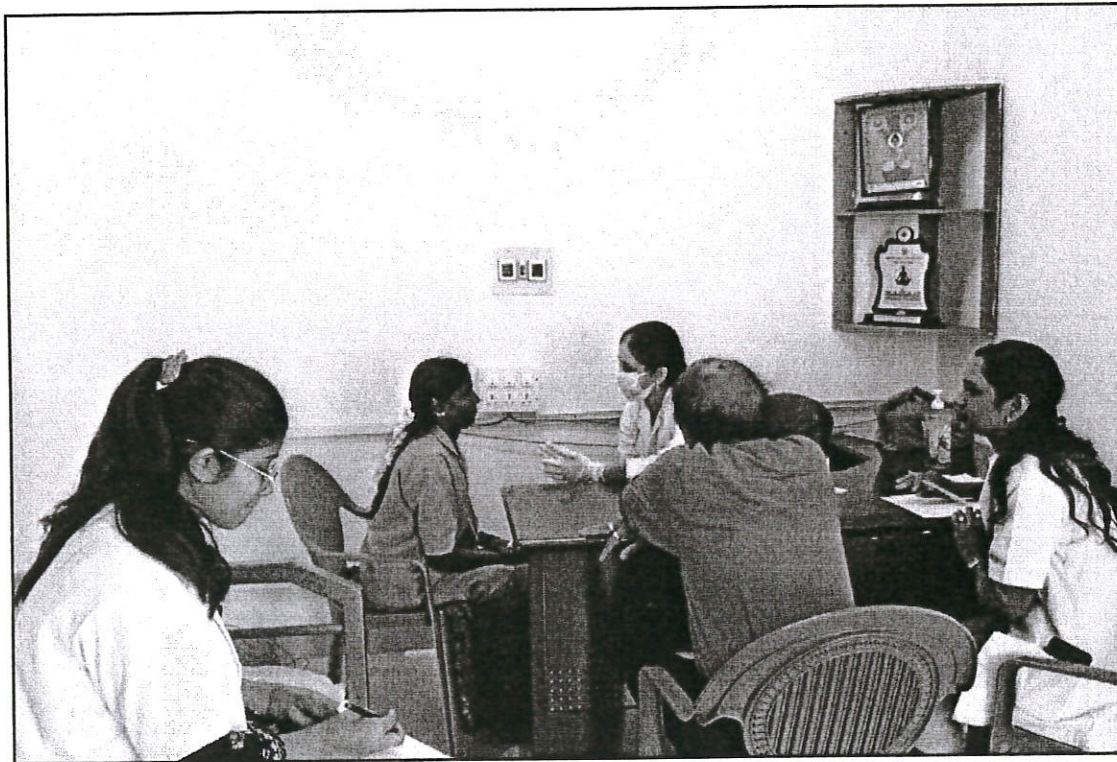

Thanking you for your continued support.

Yours Sincerely

To,
Dr Ranganath
President
Karnataka State Dental Council

Sub: Report of the CDE program titled "International Consultative meeting on Karnataka State Oral Health Policy Directions" on the 15th of December 2022, organized by the Department of Public Health Dentistry - DAPM RV Dental College, Bangalore.

Respected Sir,

The CDE program "International Consultative meeting on Karnataka State Oral Health Policy Directions" on the 15th of December 2022 was successful in initiating a conversation among the trisector stakeholder on the need of an Oral Health Task Force to elevate the Oral Health of the people from the State's agenda in line with the Oral Health component of the Vision Group document titled "Advancing people's health in Karnataka: Vision for progress". One fifty participants (external and internal) were a part of the audience. The program was addressed by our keynote speaker Dr Jayant Kumar State Dental Director, California emphasizing on the importance of government policy initiatives for elevating oral health followed by a panel discussion which was concluded with signing of the "Bangalore Declaration" involving trisector stakeholders (being eminent leaders from the State Government, Private sector and civic society) and the participants.

The key take home messages were:

- Various determinants and tools in developing an oral health task force.
- Forming of an Oral Health Task Force and nodal center - to take Karnataka State Vision Group Oral Health Agenda forward
- Systems for estimation of oral disease burden and inequity in Karnataka, India for planning of public oral health programs
