 J.P. Nagar I Phase, Bangalore - 560 078.

11-01-2021:

Online session:

The day started with a motivational talk by external speaker Dr. Usha Vastare on Neuroscientific tools for students . She explained to the students the difficulties that they may have in transitioning to a professional college and gave them tips on how to deal with the situation.

This was followed by a talk by Dr. Deepthi, member HPEU and reader, dept of Public Health dentistry , on "health informatics" . She explained about how technology is playing a role in health care, various apps that can be used. Advantage and disadvantage of health informative in providing health care.

12-01-2021:

Online session:

The session for the day was by Dr. Bhagyalakshmi , professor and head , Dept of Human anatomy who gave a talk on "Professionalism, patientcare, medicine and anatomy" Professionalism in medical education and practice was defined. The recent explosion of interest in the same was explored with a view to recognize its importance for patients and for the profession of medicine. It was realized that patient centered medicine was the need of the hour than a strict biomedical approach in our practicing skills .

Further it was illustrated how anatomy offers a unique opportunity in the pre-clinical curriculum to lay the foundations of professional values and behavior like dealing with strong emotions, working in teams, commitment to deep learning for understanding, commitment to the privacy of the patient.

13-01-2021:

Online session:

The day started with a session , by Dr. Prashant ,Head of committee ,Professor and Head, Dept of Orthodontics who explained the process of all round student support from various committees to oversee their safe stay and adequate delivery of academic program, with due importance to curriculum, co-curricular and extra-curricular activities. Mentorship, PTA meetings, cultural activities and UG PG committees was also explained.

Principal
D.A.P.M.R.V. Dental College
J.P.Nagar I Phase, Bangalore -560 078.

The next session_ involved a talk by the Health professional education unit, taken by - Dr. Jyotsna and Dr. Deepti , Reader, Dept of Public Health Dentistry .A movie on “Humanities” was shown to the students and they were asked to reflect upon it and explanation was given regarding the how humanitarian approach can be bought out being a health professional. How humanity and compassion is important for health professional.

15-01-2021:

Online session:

The sessions started with a talk by_Dr. Apoorva ,Final year coordinator and Reader, Dept of Periodontology who briefed the students about the final year subjects and also the staff names. This was followed by talk by Health professional educational unit on Interpersonal skills by Dr. Jyotsna ,Reader, Dept of Public Health Dentistry. Concepts of need, care required in IPR, skills etiquettes, communication statergies, conflict management was discussed.

This was followed by a talk and practical session on "Yoga and mental health for students" by Mrs. Sushma Verma , Yoga instructor and counsellor. Mrs. Sushman discussed the importance of yoga in students lives, importance of diet and also conducted a practical session where a few basic exercises were shown .

16-01-2021:

Sub: Report of the Patient safety and communication skills workshop and white coat ceremony 16th to 18th March, 2021

Respected Madam

At the outset, the health professional education Unit would like to thank you for the permission and support extended to conduct the patient safety and communication skills workshop and white coat ceremony for the third year undergraduate students. A total of 49 UG students and 10 PG students benefited from the program.

The students have identified the various aspects which facilitated their learning process and have requested for more such training programs which focus on soft skill development and patient management. Please find attached the detailed report from each session, as well as the expenses incurred. The resource material has been stored at <https://drive.google.com/drive/folders/18mGw0T-51uicyoCInr9pHy3jGCLX5tfo?usp=sharing>

The soft copies can be accessed on the above link.

We are looking forward to your feedback and continued support in conducting similar programs benefitting the students and faculty alike in the times ahead.

Thanking you once again,

Dr. Bhagyalakshmi G

J.P. Nagar I Phase,
Bangalore - 560 078.

Question 7. Any other comments & suggestions

Most felt that the session was very useful and interactive. One student recommended a few breaks in between the sessions.

Question 8. Role played by “communication” in a dentist-patient relationship

Prior to the workshop only 5 students felt that communication played an important role in dentist patient relationship but this increased to 28 students after the workshop.

Question 9. Factors influencing communication skills

Before the workshop only one student knew about the factors influencing communication skills but at the end 24 students gave a rating of 10.

Questions 10, 11, 12, 13 :

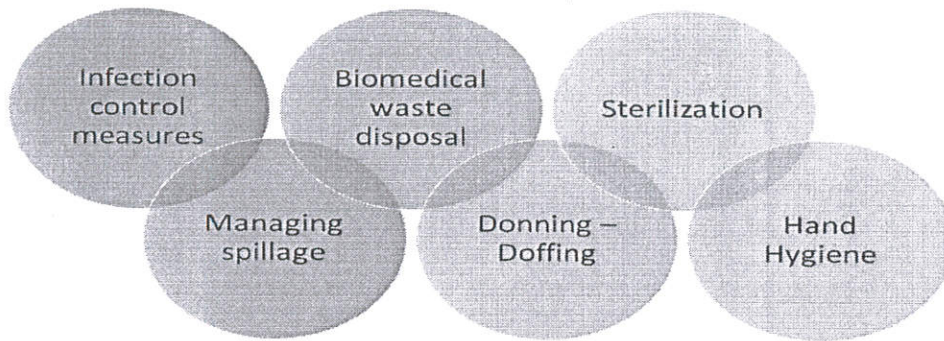

The understating of the role of “active listening” ,”body language” “awareness of one’s communication skills” and “ confidence levels” greatly improved on comparing the preworkshop responses and the post workshop responses.

Rajeev

As a student, We have been looking forward to white coat ceremony since the day we knew about it and I would be lying if I say we didn't discuss about it in all our video calls during the lockdown, that's how much it meant to us

We really wish our parents were here, but we respect the protocol taken as it is the right decision to make

We promise to apply and practise everything we learnt and do our best

Thank you so much, we shall cherish this for the longest time.
