stage next and gave a very memorable performance. The theme of all the performances loosely centred around Onam which made it even more endearing. Department of Prosthodontics gave a fantastic dance performance next. It warmed the hearts of many to see all the staff including the Head of the Department dance on stage. This was followed by a very sweet and melodious Song performance by Dr. Praveena, postgraduate student from Oral and Maxillofacial Surgery and intern, Dr. Lakshmi. The postgraduates and staff including the Head of the Department from Pedodontics came next with a superb dance performance. The results of Pookalam were announced after this point. Each performance went by seamlessly. The interns gave the last performance. Around 31 interns came together to give the most thrilling performance. It was wonderful to see everyone come together, participate and have fun. The whole experience was surreal. After the stage events, everyone was invited outside to the parking lot for a friendly game of Tug of War and payasam. The tug of war was a sight to behold. All the students were excited to take part and enjoyed it immensely. There were games of batch against batch, Girls against Boys etc in the tug of war. Students had a lot of fun. The payasam was also a treat that everyone was delighted to have. The intern boys took the lead in distributing the payasam to everyone.

Thus, a memorable day came to an end and everyone returned home with great joy.
